

April 25, 2014

Mr. Jeff Perry
Data Management and Reporting
Wisconsin Department of Public Instruction
125 S. Webster Street
Madison, WI 53707

Dear Mr. Perry:

I am submitting this Data Errata letter on behalf of Kenosha Unified School District. The 2012-13 Extra-/Co-Curricular Activities and School-Sponsored Community Activities have been incorrectly reported. There must have been an error when locking the final School Performance Report data. Included are two tables with complete figures for the Extra-/Co-Curricular and the School-Sponsored Community Activities. The figures in bold indicate the changes.

Thank you for providing our district the opportunity to post corrected figures on DPI's Data Errata page. If you have any questions or need further clarification, please feel free to contact me.

Sincerely,

Renee Blise
Research Coordinator
Information and Accountability

C: Dr. Joseph Mangi, Interim Superintendent of Schools
Mr. Kristopher Keckler, Executive Director, Information and Accountability
