RE: MPS Schools with Reduced Teacher Staff

Dear Ms. McCalmont:

Attached is your original spreadsheet with the reduced FTE's for teachers at select MPS locations. We have added another column to show the actual FTE's for each school location by school year as requested. Please accept the FTE count for each school as referenced on the attachment as the official FTE counts for teaching staff.

We have investigated the matter and strongly believe that we have several data transmission problems. We have linked the errors back to two data points; data imported from our student assignment system into our PI 1202 staff assignment system; and data imported from our HR system into DPI's PI 1202 reporting system. Upon submission of our PI 1202 report we have several staff assignments that upload with "duplicate records". We are not certain as to what happens to these records, and believe this may be causing the FTE discrepancies.

We would like to have a telephone conference with Kari Tenley and other DPI representatives to discuss PI 1202 data transmission from MPS to DPI to determine the actual cause of this problem and implement a solution as we prepare for FY13 PI 1202 Report submission due in December, 2012.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Julie A. Landry', written over a circular blue stamp or mark.

Julie A. Landry
Director
Staffing Services
