

Class of 2023 Student Completion Awards Analysis

Student Awards Claims Analysis by Certification Type <small>(includes student with undelivered check)</small>		
Category	Claims Submitted	Approved Student Awards
EMR	45	45
EMT	111	110
Fire Fighter I	66	62
Fire Fighter II	44	44
Fire Inspector	<u>5</u>	<u>4</u>
Totals	271	265

- 265 awards earned by 158 students. One check for \$1,500 was undeliverable due to no forwarding address and the district not being able to obtain an updated address. DWD Finance cancelled the check. Finance will reissue a check if the student notifies us that they want the award money.
- For the Class of 2023, reviewers accepted registry numbers as well as transcripts with evidence of WTCS course completion or copies of certificates of course completion, as had been done in previous years.
- 62 claims were created by DPI after the claim submission deadline so that the students' eligibility for the student completion awards could be determined. We became aware of the missing claims in three ways: 1) The districts notified the program lead after the deadline, 2) a reviewer identified by way of a transcript's inclusion of the information, or 3) the student contacted the program lead after initial checks had been mailed. The claims were created in a collaborative manner between the district, the program lead, and DPI. Districts were notified that they would not be eligible for the corresponding district incentive grant.
