## LEADING FOR EQUITY

### Equity Decision and Policy Tool

When our policies, programs, and efforts affect Wisconsin students, families, communities, and educators ...

Through your work, how are you accelerating **growth**/positive change for learners who most need it, based on data, while increasing opportunities for all students?

What intentional and unintentional **consequences** on educational equity could result from this?

Based on data, which groups of learners have not yet accessed your work? Specifically, what evidence-based strategies will you use to increase **access** by these learner groups?

How have you engaged **stakeholders** who are members of the communities impacted by your work? How will you continue to partner with diverse stakeholders to ensure educational equity for all students?
