

INSTRUCTIONS: Any EPP looking to use an alternative measure needs to have approval from the Wisconsin Department of Public Instruction. Fill out this form and return to the assigned liaison: jenna.buchner@dpi.wi.gov, kimberly.strike@dpi.wi.gov, or paul.trilling@dpi.wi.gov.

Approved educator preparation programs (EPPs) have a standard of performance required for all candidates, as set by the program. That standard must be known and consistently applied. Content knowledge, pedagogy, and clinical experience are represented in a holistic measure through a cumulative GPA.

Wis Stat 34.018 allows the use of alternative measures as an option for program completion in lieu of a cumulative GPA. Alternative measures need to be holistic, known, and consistently applied. Every program leading to a license is its own educator preparation program and therefore needs to be approved.
