IX. READINESS

In this section, describe the stakeholders in place to ensure successful implementation of grant project. *Limit response to space provided.*

1. Stakeholders

Stakeholders include the population to be served, families, community partners, school staff and administrators, as well as agency administrators. Be sure to include stakeholders who demographically represent the target population(s).

a. Who are the stakeholders identified for this grant project and what are the roles of these stakeholder groups in the implementation of the grant project?

b. What input did the stakeholders above provide that informed this grant project?

c. How will stakeholders continue to provide input if the grant project is funded?

	X. PLAN (Needs Assessment)	
--	-----------------------------------	--

Identify the need(s) to be addressed with grant funds. Applicants must have an organized and systematic approach to use data for meaningful analysis. Data analysis includes an assessment of the needs experienced by the target population. *Limit response to space provided.*

1. Demonstration of Need

- a. Identify the overall specific need(s) for the target population to be addressed by the grant project. Include the supporting data that is being used to determine the need(s).

Example: Heritage language reading screener data shows that 84% of multilingual immigrant students in grades 2-3 are demonstrating advanced/high reading proficiency in their home language as compared to 18% demonstrating reading proficiency in English within the overall distribution.

- b. What is the likely root cause(s) (i.e., factors, resource inequities, opportunity gaps, etc.) contributing to the need(s) to be addressed by this grant project?

Example: Reading instruction provided to immigrant students has not been consistently aligned to individual student need, standards-based general education curriculum and relevant language proficiency standards, when applicable.

- c. Define your Priority Area(s) or Statement(s) to address the root cause of the needs. What is your approach to address one or more of the root causes for this grant project and how does this grant project fit into this approach? (This is the student outcome priority statement or adult practice priority statement in the Data Inquiry Journal (DIJ). This potentially could be written using the following sentence stem "We believe we can improve ... if we ...")

Example: We believe we there is opportunity to enhance reading instruction for immigrants students if we provide job embedded coaching to our general education teachers. This includes specially designed instruction that is aligned to student need and individualized growth targets. Additionally through direct support to enhance family literacy practices in the home.

XI. DO (Action Plan)

Develop an action plan to implement the proposed grant program. The plan must include SMART (Specific, Measurable, Attainable, Relevant and Timely) goals that align with the priority area(s)/statement(s) defined in the needs assessment section 1.c. Applicants may have more than one SMART goal for the same priority area/statement.

For each SMART goal listed, include the action step(s) (i.e., activities to be implemented) to achieve the goal. Action steps may include evidence-based strategies (e.g., activity, strategy, or intervention that demonstrates a positive effect on improving student outcomes and/or adult practices) or other activities to achieve the goal. Applicants may have more than one action step for each goal.

For each action step, list the planned completion date, evidence of completion (description of how the applicant will know the action is complete and often reflects the goal), and the personnel responsible for completing the action.

Action Plan—Example

Priority Area/Statement and Supporting Data # 1 (This statement should align with Plan Section 1.C)

This includes specially designed instruction that is aligned to student need and individualized growth targets. Additionally through direct support to enhance family literacy practices in the home.

SMART Goal to Address Priority Area/Statement #1

Increase the reading proficiency of 2nd grade students from 30% proficiency to 60% proficiency by accurately summarizing the main idea and key details of given texts with 80% accuracy.
