

Only State educational agencies in affected states or territories are eligible to receive funds, which in turn will provide services and assistance to local education agencies and non-public schools that serve an area in which a major disaster area was declared as a result of Hurricanes Florence and Michael, Typhoon Mangkhut, Super Typhoon Yutu, and wildfires, earthquakes, and volcanic eruptions occurring in calendar year 2018 and tornadoes and floods occurring in calendar year 2019 in those areas for which a major disaster or emergency is declared under section 401 or 501 of the Robert T. Stafford Disaster Relief and Emergency Act (42 U.S.C. 5170 and 5190).

FY 2019 List of Eligible Applicants (as of September 20, 2019)

- Services or assistance using Restart funds may be provided to LEAs and non-public schools within the areas in which the Federal government declared a major disaster or emergency.
- SEAs are eligible to apply for funding, under the Emergency Impact Aid program, based upon the definition of “displaced students.” For the purpose of the definition, the areas of a covered disaster or emergency are the counties that FEMA designated as eligible for individual or public assistance, as a result of a Presidential declaration of a major disaster related to a covered disaster or emergency.
- For declared disasters and emergencies, occurring as a result of a tropical storm or hurricane but for which further declarations did not specify flooding or tornados, the identified areas in the declaration must have been impacted by flooding or tornados resulting from the covered weather event.
- This comprehensive list only identifies eligible disasters through September 20, 2019. States may have newly identified eligible disasters for which they can apply through the close of the application period.

Qualifying FY 2019 Major Disaster or Emergency Declarations

Declaration State (Qualifying Disaster)

[EM-3410](#) AK (Earthquake)- Matanuska-Susitna, Anchorage, Kenai Peninsula
