

TRANSITIONAL EDUCATION INTERDISTRICT AGREEMENT
Based on McKinney-Vento Transportation Criteria

All Participants, signing this agreement:

1. Agree that if a student remains in his/her school of origin, the District of Origin and the new District of Residence will share the cost of transportation on a 50/50 basis.
2. The district where the student is enrolled/attending (herein referred to as the "District of Enrollment") agrees to arrange the transportation and monitor billing.
3. District of Enrollment agrees to monitor the student's/family's situation in order to define the homeless status accurately.
4. The District of Enrollment will periodically check on the housing status of students in transition who are receiving transportation to their school of origin. On a case-by-case basis, the District of Enrollment will explore with the parent/guardian/unaccompanied youth if it is in the best interest of the child/youth to enroll in the District of Residence at the beginning of the next school year.
5. Each district has established contacts for meeting transitional education needs. These contacts have the ability to approve transportation arrangements within each district. The districts below have named specific contacts as appropriate individuals to contact when a family is in transition. These are listed in the attached Directory.
