

OUT-OF-STATE (OOS) PATHWAY TESTING INFORMATION

This testing information pertains to applicants who completed educator preparation programs for teaching, pupil services, and/or administrator licensure at a college or university headquartered outside the state of Wisconsin, including online colleges or universities and out-of-country (non-U.S.) colleges or universities. Educators who live outside Wisconsin but completed a Wisconsin educator preparation program are considered in-state applicants.

All applicants for Wisconsin teaching, pupil services, and administrative licenses through the out-of-state pathway must provide passing scores on all required tests taken out of state and for the state of Wisconsin. For some licensure areas, the Foundations of Reading Test for Wisconsin is an additional content knowledge test. Applicants are required to pass all tests for licensure in the state where the educator preparation program is headquartered and be eligible for licensure in the state where their educator preparation program is headquartered.

This document contains information about three different testing requirements:

- I. Foundations of Reading Test (FORT) (pg 2)**
- II. Wisconsin Content Tests (pg 3)**

II. WISCONSIN CONTENT TESTS

Applicants who completed an approved educator preparation program after August 31, 2004, are required to complete the appropriate content test(s) listed below. A content test taken for initial licensure in another state may be used in place of Wisconsin's content tests for the out-of-state application. If an applicant has not taken a content test for initial licensure in another state, in lieu of Wisconsin's content exam a GPA of 3.0 or higher on a 4.0 scale in the subject area or position of the licensure program may be substituted.

*Please note: DPI does not license candidate who added licenses in other states solely based on a content exam

Refer to <http://dpi.wi.gov/tepd/licensing/types/educator-general> to understand the license types and developmental levels of licenses in Wisconsin. In particular, please note:

- Applicants who completed an elementary education program after August 31, 2004, and wish to apply for licensure at the early childhood-middle childhood developmental level (EC-MC, ages birth to 8), must have at minimum a concentration or minor in early childhood. Otherwise, licensure at the middle childhood-early adolescence developmental level (MC-EA, grades 1 through 8) is more likely appropriate.
- Similarly, applicants who wish to apply for licensure in early childhood special education must have significant preparation in early childhood. Otherwise, licensure at the middle childhood-early adolescence developmental level (MC-EA, grades 1 through 8) in cross categorical special education is more likely appropriate.
