Setting Up Your Kiteworks Account

- 1) After you have received notification from DPI that a Kiteworks budget folder has been created for your school, go to the Kiteworks website at https://sft.dpi.wi.gov/.
- 2) On the Kiteworks website, insert your email address and click Next.

3) Click the "Forgot password?" link.

4) You will receive an email allowing you to reset your password. Please note this email is sent immediately, so if you have not received it within 5 minutes of clicking the "Forgot password" link, check your spam and junk folders for the email.

Uploading Documents to Kiteworks

- 1) The Choice/SNSP administrator must log into Kiteworks at https://sft.dpi.wi.gov/.
- 2) In Kiteworks, click on "All Files" on the left hand tool bar menu.

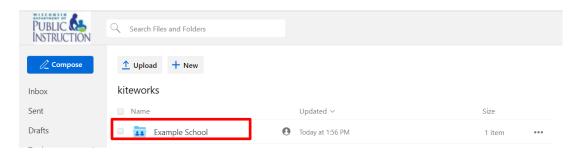

3) You will see a folder that has your school name. If you are the Choice/SNSP administrator for more than one school, you may see a school folder for each of your schools. Click on the school folder to upload the documents for the applicable school. In the folder, you will see a "Budget and Cash Flow Report" folder.

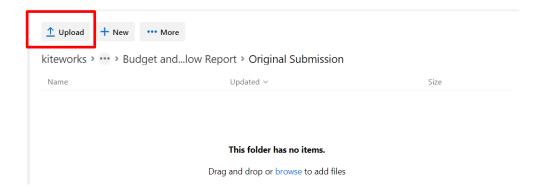

If you are uploading documents due by May 1st, click on the folder and then click on the "Original Submission" folder if you are submitting the original submission of the report and attachments.

If you are uploading documents due by August 1st, there will not be an "Original Submission" folder.

Note: If you are submitting the Budget and Cash Flow Report for the SNSP, you must first request that DPI create a Budget and Cash Flow Report folder for your school by sending a request to snsp@dpi.wi.gov.

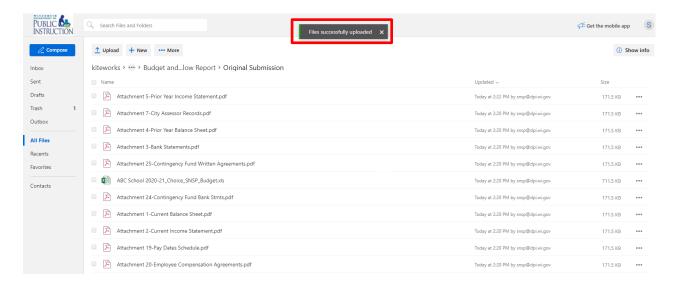

- 4) Complete a final review of the Budget and Cash Flow Report by completing the items in the final review step of the "Instructions (cont)" tab of the report. As part of this final review, ensure that each attachment identified with a "Yes" in Column B of the "Required Attachments" tab of the Budget and Cash Flow Report is ready to be uploaded and is labeled with the attachment number and a brief description of the attachment. For example, Attachment 1 could be labeled, "Attachment 1-Current Balance Sheet".
- 5) Click on the "Upload" icon at the top and select "Upload files". Then, select your school's completed report and attachments from your computer. You can also drag the files into the folder.

6) Once the documents are uploaded you should get a message that states "Files successfully uploaded". The uploaded reports and attachments should be visible in the window. Please note that if you reload the document, it will replace the previously uploaded document. Please do not also email the reports or documents to DPI unless specifically requested by DPI staff.

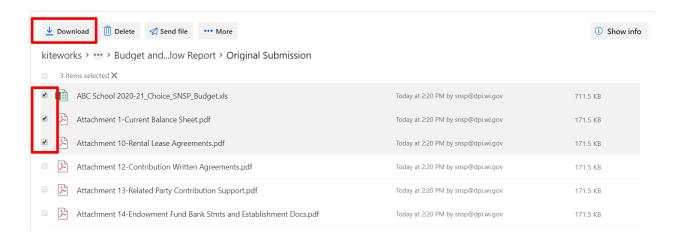

Helpful Hint: If you can see the reports and documents in the folder, they have been submitted to the DPI. The DPI is able to view them once you have uploaded the report and documents. **DPI does not send confirmations to the schools that the documents have been received.**

Downloading Documents from Kiteworks

- 1) Go to the school folder as explained in 1-3 in the Uploading Documents to Kiteworks section.
- 2) Check the box next to the document(s) you would like to download. Once you have selected the document(s) you would like to download, click the "Download" button. If you download one document at a time, they will download as separate documents. If you check the box next to more than one document and then click "Download" they will download as a zip file. Please note that the documents are no longer available in Kiteworks 180 days (6 months) after they are loaded to Kiteworks. As a result, if you would like to retain the final documents provided to DPI, you must ensure that you download them before they are no longer available or ensure the documents are saved to your computer prior to submitting them.

Helpful Hint: Please note that if you click on the document name, it will show you the document as a pdf. If the document was an Excel document, this will not allow you to change it to an Excel document or download it as an Excel document. You must follow the instructions above to download the document as an Excel document.

Frequently Asked Questions

1) Can individuals other than the SNSP/Choice administrator have access to Kiteworks?

Only the SNSP/Choice administrator has access to Kiteworks because the Budget & Cash Flow Report must be submitted by the program administrator. As a result, other individuals are not given access to the Kiteworks folder.

2) What should I do if it appears I am not receiving emails from Kiteworks?

If you are not receiving emails from Kiteworks, try checking your spam/junk folders. You could also add the sft@dpi.wi.gov email address to your safe sender and/or contact list, depending on the email product, to ensure emails from this address are not routed to the school's spam, junk, or promotions email folders. If you are still not able to locate the email, send an email to dpichoiceauditreports@dpi.wi.gov.

3) How long will my documents remain in Kiteworks once they are uploaded to a folder?

Documents in Kiteworks are available for 180 days (6 months) from the date they are uploaded.

4) How do I confirm that DPI has received the Budget and Cash Flow Report and required attachments?

If you can see the documents in the school's Kiteworks folder, they have been submitted to the DPI. The DPI is able to view the documents once you have uploaded them. DPI does not send email confirmations that the Budget and Cash Flow Report and required attachments were received from the school.

5) What should I do if I do not see a Budget and Cash Flow Report folder in my SNSP school folder?

If you are submitting the Budget and Cash Flow Report for the SNSP, you must first request that DPI create a Budget and Cash Flow Report folder for your school by sending a request to snsp@dpi.wi.gov.

6) Who should I contact if I have questions on the Budget and Cash Flow Report?

Questions on the Budget and Cash Flow Report should be emailed to dpichoiceauditreports@dpi.wi.gov. If your question is related to resolving an error or the Excel document does not appear to be working correctly, please include the Budget and Cash Flow Report Excel document in your email.

7) Do I need to load the Budget and Cash Flow Report and all of the required attachments into Kiteworks at once?

No, you do not need to load the Budget and Cash Flow Report and all of the required attachments to Kiteworks at once. However, the Budget and Cash Flow Report and the required attachments must all be loaded to the Kiteworks folder by the due date of the report. See the Instructions tab of the report for the due date.

8) If I revise the Budget and Cash Flow Report or attachments, how do I load a new document to the Kiteworks folder?

If you load a revised document to a folder that has the same name as a document already in the folder, it will replace the previous version of that document. In order to confirm the correct one is loaded, ensure the updated date reflects the date that the revised document was uploaded.
