Setting Up Your Kiteworks Account

- 1) You will receive an email notification that you have been given secure access to a folder. This email will come from sft@dpi.wi.gov. Click on the "Access files" box in the email.

Helpful Hint: If you do not receive this email, try checking your spam/junk folders. You could also add the sft@dpi.wi.gov email address to your safe sender and/or contact list, depending on the email product, to ensure emails from this address are not routed to the school's spam, junk, or promotions email folders. If you are still not able to locate the email, send an email to dpichoicedauditreports@dpi.wi.gov.

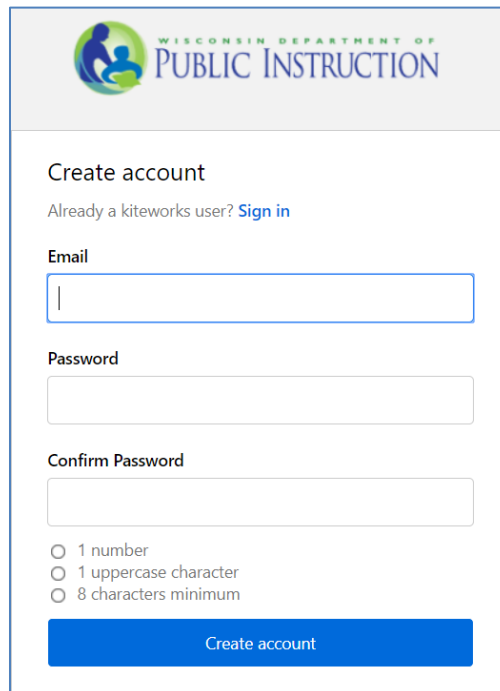

2) On the Kiteworks website, select “New user? Create account”

Uploading Documents to Kiteworks

- 1) The Choice/SNSP administrator must log into Kiteworks at <https://sft.dpi.wi.gov/>.
- 2) In Kiteworks, click on “All Files” on the left hand tool bar menu.

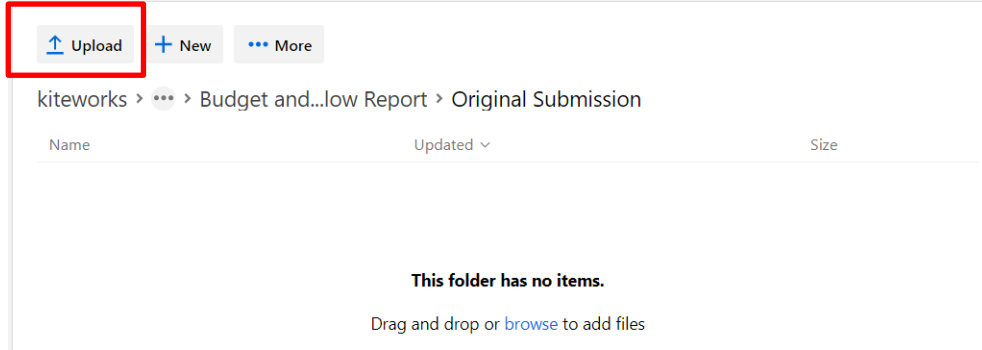

- 3) You will see a folder that has your school name. If you are the Choice/SNSP administrator for more than one school, you may see a school folder for each of your schools. Click on the school folder to upload the documents for the applicable school. In the folder, you will see a “Budget and Cash Flow Report” folder. Click on the folder and then click on the “Original Submission” folder if you are submitting the original submission of the report and attachments. If you are responding to an email from DPI for more information, use the folder referenced by DPI in the documentation request.

Note: If you are submitting the Budget and Cash Flow Report for the SNSP, you must first request that DPI create a Budget and Cash Flow Report folder for your school by sending a request to snsdp@dpi.wi.gov.

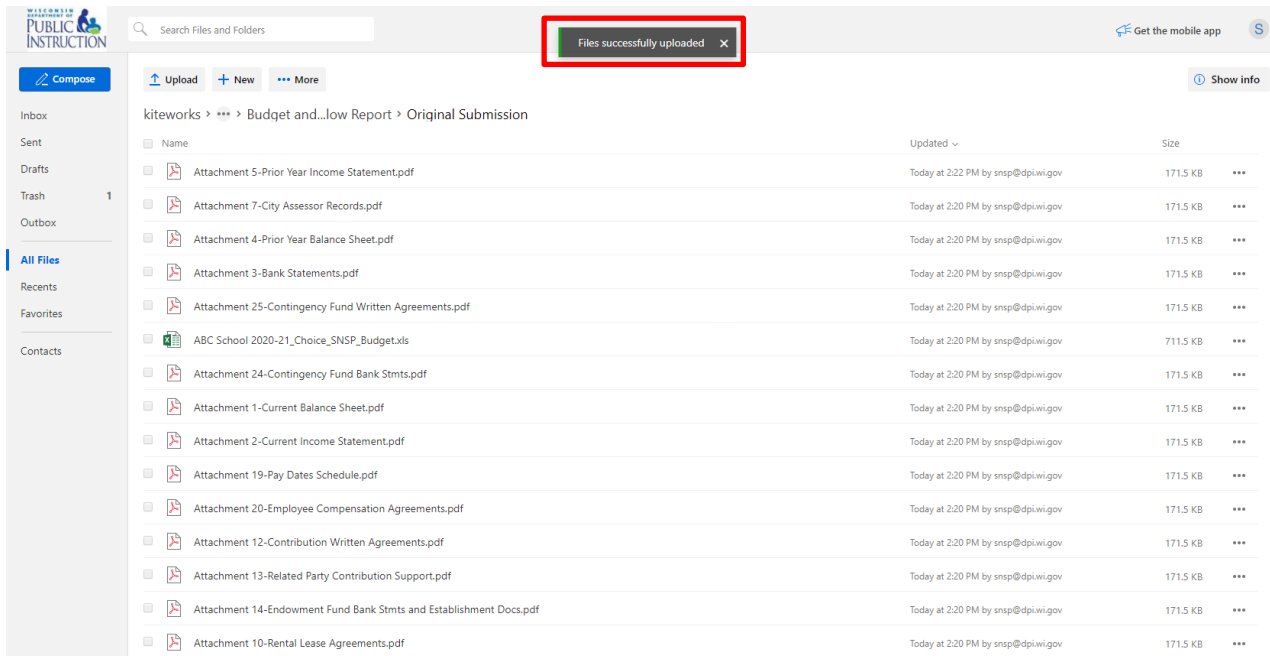

- 4) Complete a final review of the Budget and Cash Flow Report by completing the items in Step 16 of the “Instructions (cont)” tab of the report. As part of this final review, ensure that each attachment identified with a “Yes” in Column B of the “Required Attachments” tab of the Budget and Cash Flow Report is ready to be uploaded and is labeled with the attachment number and a brief description of the attachment. For example, Attachment 1 could be labeled, “Attachment 1-Current Balance Sheet”.

- 5) Click on the “Upload” icon at the top and select “Upload files”. Then, select your school’s completed report and attachments from your computer. You can also drag the files into the folder.

- 6) Once the documents are uploaded you should get a message that states “Files successfully uploaded”. The uploaded reports and attachments should be visible in the window. Please note that if you reload the document, it will replace the previously uploaded document. Please do not also email the reports or documents to DPI unless specifically requested by DPI staff.

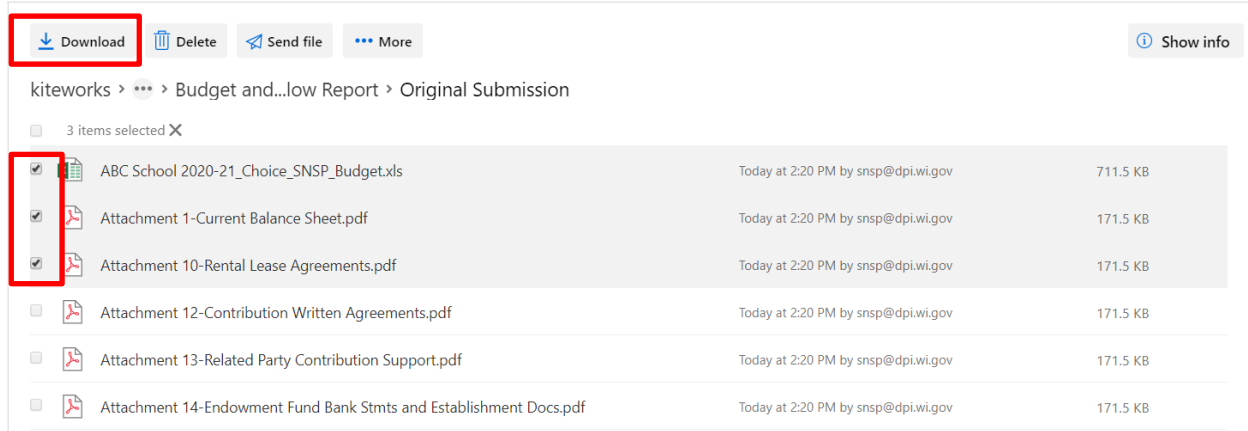

Helpful Hint: If you can see the reports and documents in the folder, they have been submitted to the DPI. The DPI is able to view them once you have uploaded the report and documents. **DPI does not send confirmations to the schools that the documents have been received.**

Downloading Documents from Kiteworks

- 1) Go to the school folder as explained in 1-3 in the Uploading Documents to Kiteworks section.
- 2) Check the box next to the document(s) you would like to download. Once you have selected the document(s) you would like to download, click the “Download” button. If you download one document at a time, they will download as separate documents. If you check the box next to more than one document and then click “Download” they will download as a zip file. Please note that the documents are no longer available in Kiteworks 180 days (6 months) after they are loaded to Kiteworks. As a result, if you would like to retain the final documents provided to DPI, you must ensure that you download them before they are no longer available or ensure the documents are saved to your computer prior to submitting them.

Helpful Hint: Please note that if you click on the document name, it will show you the document as a pdf. If the document was an Excel document, this will not allow you to change it to an Excel document or download it as an Excel document. You must follow the instructions above to download the document as an Excel document.

The screenshot shows the Kiteworks interface for a folder named "Budget and...low Report" under "Original Submission". At the top, there are action buttons: "Download" (highlighted with a red box), "Delete", "Send file", and "More". A "Show info" button is also present. Below the buttons, the breadcrumb path is "kiteworks > ... > Budget and...low Report > Original Submission". A selection bar indicates "3 items selected". The document list includes:
