# Training 3-1 Choice Programs: Reporting Hours of Instruction

Welcome to the Wisconsin Department of Public Instruction's training module on the Private School Choice Programs and Completing the Hours of Instruction report. We will refer to the Private School Choice Programs as "Choice" or "Choice program" throughout this training. The Choice program is governed by Wis. Stat. §§ 119.23 and 118.60, as well as Wis. Admin. Codes ch. PI 35 and 48. Provisions of this training module are subject to statutory and rule changes.

#### **General Hours of Instruction Requirements**

Wisconsin Private School Requirements:

- 1) **Private schools**: s.118.165(1)(c), Wis. Stats. The program provides at least 875 hours of instruction each school year.
- 2) Private School that participate in Choice Programs: Wis. Stat. §§ 118.60(2)(a)8 and 119.23(2)(a)8: Notwithstanding s. 118.165 (1) (c) Wis. Stats., the private school annually provides at least 1,050 hours of direct pupil instruction in grades 1 to 6 and at least 1,137 hours of direct pupil instruction in grades 7 to 12.
- 3) Hours provided under these statutes include recess and time for pupils to transfer between classes but do not include the lunch periods.

2

All private schools in Wisconsin are required to provide at least 875 hours each year. Schools that participate in the Choice programs have additional requirements.

Choice schools must provide at least 1,050 hours of direct pupil instruction to grades 1 to 6 each year. Choice schools must provide at least 1,137 hours to grades 7 to 12 each year. Hours include recess and time for pupils to transfer between classes but do not include the lunch periods.

A school's accrediting organization may have additional requirements, such as requiring 180 days of school.

Choice schools utilizing virtual instruction (digital, analog, synchronous, asynchronous, or hybrid) or utilizing a combination of traditional in person instruction with virtual instruction, may count instruction under any of these models toward their hours of instruction. Hours of instruction should be based on the time teachers are available to students and the private school's estimate of the amount of time needed to accomplish daily learning objectives.

As a reminder, if a Choice school opts to provide virtual instruction, the DPI recommends the school notify its accrediting entity to ensure that the school is aware of any additional requirements the accrediting entity may have connected to this change in programming.

#### **Choice Program: Report Due Date**

- New Schools: By the first weekday in May of the school year immediately preceding the first school year in which a first-time participant intends to participate in the choice program, the first-time participant shall file with the department the hours of instruction for the upcoming school year. New schools submit a report using the DPI Hours of Instruction Calculator found on the <a href="Private School Choice Programs: School Submitted Reports webpage">Private School Choice Programs: School Submitted Reports webpage</a>. The hours of instruction shall comply with the requirements under s. <a href="https://doi.org/18.60/2">118.60/2</a> (2) (a) 8., Stats., and s. <a href="https://doi.org/18.60/2">PI 48.06/6</a>).
- All Schools: Due annually by last weekday of September, schools submit the hours of instruction in the Online Application System (OAS) in the September Count Report. The DPI highly recommends using the Hours of Instruction Calculator to ensure the school is providing the number of hours of direct student instruction required. Please see <a href="Training 9-3">Training 9-3</a>: 3rd Friday in September & 2nd Friday in January Count Reports for more information on how to submit this report.
- **Revisions** are allowed if there are unplanned changes to schedule, such as snow days. Changes to the hours of instruction do not need to be reported, with the exception if school shortens the school term from what was reported. A school should report the earlier last day of school to the department using the School Information Update form prior to the change.

4

4

New schools must show the DPI, by the first weekday in May of their first year, how they will meet this requirement. News schools will need to submit the DPI Hours of Instruction Calculator found on the Private School Choice Programs: School Submitted Reports webpage. The following slides of this PowerPoint will review this Excel Report.

Schools that are continuing in the Choice program must submit their hours of instruction to the DPI in the September Count Report via OAS annually by last weekday of September, certifying that they will meet the requirement for the upcoming year. Please see Training 9-3: 3rd Friday in September & 2nd Friday in January Count Reports for more information on how to submit this report.

Schedules can change, and revisions are allowed. General revisions to the schedule are not required to be reported to the DPI. The DPI may request validation the school's reported hours are accurate. It is highly recommended that a school revising its schedule use the DPI Hours of Instruction Calculator found on the Private School Choice Programs: School Submitted Reports webpage to ensure that the school continues to meet the Hours of Instructions requirements with the revisions. If it is necessary to shorten the school term, a school must get prior approval from the department to end school on an earlier date prior to the change. School should use the School Information Update form to report this change. It is highly recommended the school reports this change and gets prior approval before May 1.

### Hour of Instructions Report: Excel Instructions Tab

- Use the Hours of Instruction Checklist to assist you in completing the report.
   (Note: Checklist does not need to be sent to the DPI.)

### **Grade Level Tab Completion (cont.) Step 3 – Typical Days Off**

The following are typical days that school is not in session. Indicate "Yes" if there will be vacation or holiday for those day(s). Insert "No" if school will not be in session or if school will not have started or will have already ended. The number of days off are automatically included for Labor Day, Martin Luther King Jr Day, and Memorial Day, if the school identifies it is off for those days. For any remaining vacation/holidays that the school will have off, complete the **full days off** and **partial days off** columns with the number of full or partial days the school will have off and the total number of hours and minutes it will have off.

In Step 3-Typical Days Off we have listed typical days that some schools are not in session.

For each line indicate "YES" if there will be a vacation or holiday for those days.

Type a response in the yellow blanks. First begin with the Will the School Have Off? column. Use the drop-down arrow to indicate "Yes" or "No." If the response is "Yes", make sure the next section is completed with the exact number of full and partial days the school will not be in session for that listed day off. Then list the total number of hours and minutes that you will not be in session for each holiday.

### **Grade Level Tab Completion (cont.) Step 4 - Partial/Early Release Days**

Include any early release days or partial days in Step 4 that are not already included in Step 2 or 3. If the school has an early release every week, the early release should be included in Step 2 rather than in this Step. For example, if the school has 8 hours of instruction Monday through Thursday and 4 hours of instruction on Friday, 4 hours should be inserted on Line 8 and each Friday should not be identified as an early release day in this step.

If needed, you may list several dates on a single line.

In Step 4, list any partial days that are not already listed in Step 3.

You may list several dates on a single line if necessary. Do not include the dates school will not be in session before the beginning date or after the end date, even if the first week or last week of school is not a full week.

### **Grade Level Tab Completion (cont.) Step 5 - Other Full Days Off**

For Step 5, list any additional full days off, between the beginning and ending of school dates, that are not already listed in Step 3.

STEP SOTHER FULL DAYS OFF

List any vacation days between the beginning and ending date on Lines 1 and 2 that are not already in Step 3. For each line, indicate the hours and minutes that the school day will be reduced. DO NOT include the dates school will not be in session before the beginning date or after the end date, even if the first week or last week of school is not a full week. The hours for these dates are automatically included in the calculation.

In Step 5, list any full vacation days between the beginning and ending date on Lines 1 and 2 that are not already in Step 3. For each line, indicate the hours and minutes that the school day(s) will be reduced. DO NOT include the dates school will not be in session before the beginning date or after the end date, even if the first week or last week of school is not a full week. The hours for these dates are automatically included in the calculation.

# **Grade Level Tab Completion (cont.) Step 6 – Instructional Hours**

STEP 6 will summarize the hours of instruction provided and the number of hours required.

	STEP 6-INSTRUCTIONAL HOURS	
27	Number of Instruction Hours This is the number of hours calculated based on the information above.	-
28	Required Instructional Hours This is the minimum number of hours the school must have.	-
29	Recommended Instructional Hours The DPI recommends having at least 32 extra hours for unplanned days off.	
30	Do the hours meet the requirement? Yes	

19

At the bottom of the page, STEP 6 will summarize the hours of instruction provided and the number of hours required.

We recommend that schools add extra hours to their total hours to account for unplanned days off, such as snow days.

The bottom line will indicate whether the requirement is met or not.

# **Grade Level Tab Completion (cont.) Step 6 - Instructional Hours**

Ensure message at bottom of page says:

"Do the hours meet the requirement? Yes"

	STEP 6-INSTRUCTIONAL HOURS	
27	Number of Instruction Hours This is the number of hours calculated based on the information above.	1,164.50
28	Required Instructional Hours This is the minimum number of hours the school must have.	1,050.00
29	Recommended Instructional Hours The DPI recommends having at least 32 extra hours for unplanned days off.	1,082.00
30	Do the hours meet the requirement? Yes	

20

The spreadsheet will calculate whether your school will meet the required hours or not.

Complete the sheet for each grade offered by the school.

Make sure each page has a "Yes" at the bottom of the page.

#### **Report Submission**

- After all pages have been completed and show no error messages, <u>save</u> your data on the school's computer/server.
- The Choice Administrator for a new school must sign and date the cover sheet, then submit the Excel file to the DPI by the due date. The report must be emailed to <u>privateschoolchoice@dpi.wi.gov</u> from the Choice Administrator's email. See the Excel Instruction tab on report for additional information.
- Continuing schools, do not need to submit <u>DPI Excel Hours of Instruction Calculator</u> but may use it to help them complete the annual hours of instruction submission in OAS through the September Count Report.

21

21

Save this report on your computer or in a location where others may access it for future revisions or review.

After all pages of the report are completed, the Choice Administrator must electronically sign and email the Excel report to privateschoolchoice@dpi.wi.gov.

Continuing schools may use the DPI Hours of Instruction Calculator in the report to help them complete the annual hours of instruction submission in OAS through the September Count Report. Please see <a href="Training 9-3">Training 9-3</a>: 3rd Friday in September & 2nd Friday in January Count Reports for more information about that submission. However, continuing schools do not need to submit the Hours of Instruction Calculator. DPI highly recommends having one filled out on file at the school.
