

Welcome to the Program Requirements Quiz

Required Form

In order for a Choice administrator at a **continuing** Choice school to receive an OAS user name and password, the school must submit the Choice Administrator Authorization and Update Form. This form is located on the [Choice Programs: School Submitted Reports and Forms](#) web page.

The Choice administrator must attest to the fact that he/she has EITHER read the required trainings and successfully completed the quizzes OR has been a Choice administrator within the past two years.

Please email the completed form, if required, to privateschoolchoice@dpi.wi.gov.

Required Training and Quizzes

Choice Administrator of **both new and continuing** Choice schools must complete both the OAS Access Quiz and the Program Requirements Quiz. The trainings and quizzes required to be completed can be accessed through the [Choice Administrator Training and Access to OAS](#) webpage.

The quizzes ask questions about topics covered in the training(s). At the end of the quiz, the Choice administrator will have the opportunity to download and print or save the correct responses.

If you choose the wrong answer to a question, you will be asked to try again. Simply re-read the question and select the correct answer. You will not be able to advance to the next question until you have correctly answered the current question.

If you close your browser prior to completing the quiz, click on the quiz link on the DPI website and the quiz should resume where you left off. If you would like to start over from the beginning of the quiz or someone else is taking or has taken the same quiz on a computer you are trying to use to take the quiz, you may have to delete cookies relating to "qualtrics" on that computer, use a different internet browser, or use a different computer.

Please email privateschoolchoice@dpi.wi.gov with any questions.
