

# SPECIAL NEEDS SCHOLARSHIP PROGRAM INFORMATIONAL BULLETIN

Bulletin 01-03

Revised June 2023

## Residency Documentation

The Special Needs Scholarship Program (SNSP) allows a student with a disability, who meets certain eligibility requirements, to receive a state-funded scholarship to attend a participating private school.

Schools are required to obtain residency documentation as part of the application and transfer request process. All residency documentation provided as part of an application or transfer request must be verified within the twenty-one (21) day verification period after the SNSP application or transfer request form is received. If the originally provided residency documentation does not meet all of the requirements in Step 1, new documentation must be obtained that meets the requirements within the twenty-one (21) day verification period. If the new documentation is not provided during the twenty-one (21) day verification period, the student's SNSP application or transfer request form must be determined ineligible and a new application or transfer request form with the required documentation must be provided.

Schools are also required to determine all continuing SNSP students' addresses as of the 3<sup>rd</sup> Friday in September and report the address and school district in the 3<sup>rd</sup> Friday in September Pupil Count Report. Continuing SNSP students are students who had SNSP application or transfer request forms that were accepted in a prior school year. See the Continuing Student Eligibility Bulletin available on the [Bulletin webpage](#) for additional information on the Continuing Student Requirements.

See the [Student Application & Transfer Request Processing webpage](#) for additional information on student eligibility, applications, and transfer request forms. The requirements in this bulletin are based on Wis. Stat. 115.7915 and Wis. Admin Code PI 49.

In addition to the resources available for schools, the DPI has the following resources available for parents on the [Student Application & Transfer Request webpage](#):

- 1) Frequently Asked Questions for Parents; and
- 2) Allowed Residency Documents list for parents.

22. What residency documentation can an applicant provide if they recently moved? ..... 14

**Other..... 15**

23. If a SNSP student moves, when should the address be updated in DPI’s records? ..... 15

24. If a continuing SNSP student does not change addresses, do I need to obtain new residency documentation for the student?..... 15

**Appendix B: Statewide Parcel Map Directions ..... 16**

**Appendix C: Vital Record Verification ..... 17**

## STEP 1 – OBTAIN RESIDENCY DOCUMENTATION

Participating private schools must obtain the required residency documentation. The residency documentation cannot have any information, including dates, covered with white-out. The residency documentation must meet all of the requirements below.

### Required Date

#### **Applications & Transfer Requests**

All residency documentation must be dated between three (3) months prior to the date the application or transfer request form was received and the date received, except a Safe at Home card as described in 8 of the Allowed Residency Documents section below. The start date of a month to month lease must also meet this requirement. If a lease agreement with a term is obtained, the date the application or transfer request form was received must fall within the term of the lease.

#### **Continuing Student Residency Verification**

The residency documentation must include the student's address as of the 3<sup>rd</sup> Friday in September. All residency documentation must be dated between the third Friday in August (August 18, 2023 for the 2023-24 school year) and the last weekday in September (September 29, 2023 for the 2023-24 school year), except a Safe at Home card as described in 8 of the Allowed Residency Documents section below. The start date of a month to month lease must also meet this requirement. If a lease agreement with a term is obtained, the term of the lease must include the 3<sup>rd</sup> Friday in September.

### Allowed Residency Documents

The list below includes all acceptable forms of residency documentation.

1. Wage statement (i.e. pay check stub) or 2023 Form W2 Wage and Tax Statement. Note: 2023 W2 Wage and Tax Statements are only accepted for applications or transfer requests received between January 2024 and April 2024.
2. Water, sewer, gas, electric, cable, satellite, or landline phone bill. Cell phone bills are not acceptable. Schools should use the bill date or the last meter reading date on a utility bill to determine that the bill meets the date requirements described in the required date section above. The bill must be for services where the student resides. If the bill includes both a mailing address and a service address, the addresses must match, unless the mailing address is a PO Box or email address.
3. Letter from the water, sewer, gas, electric, cable, satellite, or landline phone utility, regarding these utility services at the address where the student resides. This letter must have been sent to the address where the student resides. Examples of this letter include a letter from the utility company establishing service at the new address or a past due letter sent to the address where the student resides for service at that address.
4. Signed and dated lease agreement with a term that includes the required date. The lease agreement must be complete and legible. Expired leases are not acceptable. Generally, schools should try to obtain one of the allowed residency documents other than month-to-month leases. However, if a month-to-month lease is used, the start date must be during the required dates. Rent receipts ARE NOT an allowed residency document.
5. Governmental correspondence. Examples include a property tax bill, Supplemental Security Income "SSI", Wisconsin Works "W2" Cash Benefits, Temporary Assistance for Needy Families "TANF," Food Share "Food Stamps," United States Postal Service, license plate renewal postcard from the Wisconsin Department of Transportation, or Housing Assistance letter. Printed statements from Access.gov can

be used as residency support if the statement includes a date that shows it meets the date requirement and the parent/legal guardian (parent) name. Documents sent from a third party provider for a government agency, such as a loan service provider for governmental loans, are not considered governmental correspondence.

6. Homeless individuals may identify a location for their residence if it is an identifiable location which could conceivably serve as a temporary residence. A homeless family should provide a letter on the organization's letterhead from a shelter for the homeless or from a private or public organization providing services for homeless individuals that is signed and dated by a representative of the organization indicating that the family lived at the location during the required dates.
7. Properly completed Alternative Residency Verification form (Form PI-SNSP-003) only for situations where: (a) the student is not living with one of their parents; or (b) the parent(s) does not have one of the residency documents in 1-6 or 8 and someone else living at the address where the student resides is able to provide one of the residency documents in 1-5 above for the family. The form must be fully completed, including being signed by the household occupant and the parent. Additionally, the required documentation from the household occupant and parent must be provided with the form. The Alternative Residency Verification form is available on the [SNSP Student Application and Transfer Request webpage](#).
8. Safe at Home card. If the family participates in the Safe at Home program through the Wisconsin Department of Justice, the school must obtain the Safe at Home card (card) from the parent and determine that the card is not expired. If the card is expired, the family must get an updated card or they must update and submit documentation that does not use the Safe at Home address.
  - Application or Transfer Request-The school must complete all of the following for an application or transfer request that uses the Safe at Home option:
    - i. Verify that the parent first and last name on the card match the student's application or transfer request.
    - ii. Verify that the address on the card matches what is on the student's application or transfer request. The unit number on the card does not have to be listed. If the family has a card that is not expired and the address on the student's application or transfer request does not match the card, the address must be corrected. Any corrections to the application or transfer request form are to be made with a "strike through line" and initialed by the SNSP administrator or designee.
    - iii. The school does not need to obtain a school district verification document for the address. However, the school must confirm that the current resident school district has been identified on the paper application or transfer request. The parent must complete the current resident school district based on the address where the student actually resides.
  - Continuing Student Verification:
    - i. If the student is a continuing student in the SNSP, the parent must provide confirmation to the school that the pupil still resides in the same school district. If the student does not reside in the same school district, the parent must provide the student's current resident school district. The current resident school district must then be reflected on the 3<sup>rd</sup> Friday in September Pupil Count Report.
    - ii. If a student who did not previously participate in the Safe at Home program joins the program, the parent should provide the Safe at Home card to the school. The school must confirm that the parent's first and last name on the card match the parent's first and last name identified in the 3<sup>rd</sup> Friday in September Pupil Count Report. If the card meets the requirements, the school must complete the following in the 3<sup>rd</sup> Friday in September Pupil Count Report:
      1. Indicate the student changed addresses, and

2. Provide the Safe at Home address and identify the current resident school district based on the district provided by the parent.

The school does not need to obtain a school district verification document for the address.

9. If the parent/guardian does not have any of the documents above, a document approved in an email by the DPI. Before requesting approval from the DPI, schools must first work with parents/guardians to obtain a document from the list above that meets the requirements. If the parent/guardian cannot provide any document from the list above, send an email requesting a Kiteworks folder to [snsp@dpi.wi.gov](mailto:snsp@dpi.wi.gov) with the information described below.
  - Application or Transfer Request-
    - i. The email should indicate the school has worked with the parent/guardian to verify that they do not have any of the other standard residency documents listed in the Residency Documentation Bulletin and request a Kiteworks folder to submit a different document.
    - ii. Once DPI provides the Kiteworks folder link, the school must upload:
      - A copy of the 23-24 student application or 23-24 transfer request form for new SNSP students at the school; and
      - An attachment of a document the parent/guardian has that is not from the list above but otherwise meets the residency documentation requirements.
  - Continuing Student Verification-
    - i. The email should indicate the school has worked with the parent/guardian to verify that they do not have any of the other standard residency documents listed in the Residency Documentation Bulletin and request a Kiteworks folder to submit a different document. It should also include the application id and the address for the student as of the 3<sup>rd</sup> Friday in September.
    - ii. Once DPI provides the Kiteworks folder link, the school must upload an attachment of a document the parent/guardian has that is not from the list above but otherwise meets the residency documentation requirements.

The school must then receive the email from DPI approving the document submitted in Kiteworks and maintain it for the auditor's review.

### **Required Matching Address Components**

The address on the residency documentation must match the school district verification document obtained in [STEP 2 – SCHOOL DISTRICT VERIFICATION](#). Additionally, the address on the application or transfer request must be the student's address at the time the student applied. If the address on the SNSP student application or transfer request form does not match the address on the provided residency documentation, and the residency documentation has the correct address, then the address on the SNSP student application or transfer request form must be corrected. In order to correct the address, the incorrect information must be struck through, the correct information written in, and the SNSP administrator or designee must initial the change. The application or transfer request form cannot have any white-out.

If the address on the residency documentation is not correct, new residency documentation with the correct address must be obtained. The following chart outlines which address elements are required to match. No changes are required if the differences are only spacing, capitalization, or punctuation differences.

Required if element below is listed on the School District Verification Document in Step 2	Match Required?
<b>Street Number</b>	Yes
<b>Street Direction</b> (North, South, etc.)	Yes (abbreviations are allowed)
<b>Street Name</b>	Yes
<b>Street Suffix</b> (Lane, Road, Avenue, etc.)	Yes (abbreviations are allowed)
<b>Unit/Apartment Number or Description</b> (Upper, Lower, Unit E10, Apt 207, Lot 7, etc.)	No
<b>City</b>	Yes (abbreviations are allowed)
<b>State</b>	Yes
<b>Zip Code</b>	No

**Street Name, Street Suffix, or City Misspelled on Residency Documentation**

If the street name, street suffix, or city is misspelled on the residency documentation, the documentation may be accepted if the parent emails or provides a signed letter to the school stating the correct address (which must match the school district verification document) and that the street name, street suffix, and/or city is misspelled on the documentation. Schools must keep the email or signed letter from the parent for their auditor’s review. The student application or transfer request must have the correct address information.

Some examples of spelling mistakes that could be accepted are the following:

- Fond u Lac vs Fond du Lac
- W Mariner St vs W Mariners St
- 123 1 Street versus 123 1<sup>st</sup> Street

No changes are required if the street direction, street suffix, and/or city have differences due to abbreviations being used. Further, the school does not need to get new residency documentation or make corrections to DPI’s data if differences are identified for the unit/apartment number or description or the zip code since a match is not required for these address components.

**Parent Name Match**

The first and last name of the parent on the residency documentation must match the name of one of the parents on the application or transfer request form. The middle initial and suffix do not need to match. If the parent name on the application or transfer request form is incorrect, the SNSP student application or transfer request form must be corrected. In order to correct the parent name, the incorrect information must be struck through, the correct information written in, and the SNSP administrator or designee must initial the change.

**Legal Name Change**

If the parent has residency documentation with the current, legal name, it should be provided to the school. If the parent does not have residency documentation with the parent’s current, legal name, then the school should obtain additional documentation to verify the parent’s legal name. Examples of acceptable additional

documentation include a birth certificate, marriage certificate, divorce decree, certificate of naturalization, certificate of citizenship, court order indicating the name changed, etc. Either a copy of the document or the information explained in Appendix C must be maintained in the student file. Appendix C explains the documentation that must be included in the student file for a birth certificate, marriage certificate, certificate of naturalization, or certificate of citizenship, since these documents cannot be copied.

### **Name Misspellings**

If the parent has other residency documentation with the name correctly spelled, they should provide the other documentation to the school. If the parent does not have other documentation that correctly spells the parent's name, then the parent can email or provide a signed letter to the school stating the following:

"My correct legal name is (correct name). The name on my residency documentation is (name on residency documentation). My name is incorrectly spelled on the documentation."

Some examples of these cases include:

- Name misspelled (i.e. Jennifr vs Jennifer, Joseph vs Josaph, Theresa vs. Teresa)
- Name abbreviated (Dan vs Daniel, Suzie vs Susan, Mike vs Michael)
- Multiple last names (Maria Gonzalez-Dominquez vs Maria Gonzalez)

A letter would not be sufficient for differences if there are different names. Some examples where a letter or email would not be sufficient include:

- Ralph Smith vs Ralph Weber
- Cynthia Anderson vs Cynthia Allison
- Ronald McGregory vs Thomas McGregory

### **Additional Documentation for Legal Name Changes or Name Misspellings (Applications and Transfer Requests)**

The additional documentation must be obtained within the twenty-one (21) day verification period. If the additional documentation is obtained outside of the twenty-one (21) day verification period, then the application or transfer request form must be determined ineligible and a new application or transfer request form with the required documentation must be provided.

## **STEP 2 – SCHOOL DISTRICT VERIFICATION**

### **Overview**

#### **Applications & Transfer Requests**

For applications and transfer requests, the school must determine if the applicant's home is located in the school district listed as the current resident school district on the SNSP application or transfer request form. If the school determines that the incorrect resident school district is listed on the application or transfer request form, then the name of the resident school district on the SNSP student application or transfer request form must be corrected. In order to correct the school district, the incorrect information must be struck through, the correct information written in, and the SNSP administrator or designee must initial the change.

## Continuing Student Residency Verification

For continuing students, the school must determine the resident school district for the student's current address. If the address has not changed from the previous year, the prior year school district verification document may be used for the verification.

### School District Verification Options

For students who reside in Milwaukee, see the specific school district verification guidance section below pertaining to Milwaukee. Schools should maintain a screen print or printout that includes the address and school district for their auditor's review. Please also see the frequently asked questions in Appendix A for answers to commonly asked questions.

If a school is not able to determine a student's resident school district using the methods provided below, then the school should contact the county clerk, city clerk, or public school district and request an email from them or a letter on their official letterhead stating the school district in which the address is located.

Note: There are school districts that serve specific grades only. The resident school district for a student in grade school would not be a high school only school district. Similarly, a high school only district should not be identified for a grade school student.

**Milwaukee:** If a SNSP student applicant or continuing SNSP student lives in Milwaukee, schools must use one of the following school district verification methods:

- [My Milwaukee Home](#): Addresses that are included in My Milwaukee Home are in the City of Milwaukee.
- [Milwaukee Election Commission](#): If the address is in the City of Milwaukee, a voting location and office holder report will be displayed.
- One of the general options listed below under "Wisconsin."

**Wisconsin:** The following are the only options that the school may use to verify the school district in which an address is located, other than the options identified above for students residing in the city of Milwaukee.

- Copy of the property tax bill that identifies the school district. Please note that certain individuals (such as those who rent) may not have a copy of the property tax bill.
- [My Vote Wisconsin](#) can be used for addresses where the school district is shown for school board elections. Click "What's on my Ballot". Enter the address and click search. Scroll down to see if there is a school board election with the school district name. **If there is not a current election that shows the school district, My Vote Wisconsin cannot be used as a school district verification document.**
- County Clerk or County Assessor Websites if they identify the school district for the address:
  - [Wisconsin County Clerks Profiles](#). Click on your county on the map.
  - [Wisconsin Land Information Parcel Initiative County Contacts](#). Click on the applicable county under the Real Property Lister Link column.
  - Some examples of county assessor websites that include the school district are:
    - [Dane County Assessor](#). Search by address and scroll to the District Information section.
    - [Brown County Assessor](#). Search by address and scroll to the District section.
    - [Waukesha County](#): Search by address and use the school information in the district section.
    - [Milwaukee County Web Portal](#): The portal can be used for addresses located in Milwaukee County that are outside the city of Milwaukee. In the Property Address

section, search for the address, click on the address at the bottom, and go to the Property tab for the address. The district will be identified in the "District" section with a category of "Regular School".

- City Clerk or City Assessor web sites: Search to see if there is an online site for the city that contains property tax bills with the school district identified or a page that identifies the school district.
- [Statewide Parcel Map](#): The Statewide Parcel Map Initiative is a multi-year collaborative effort of the Department of Administration, State Cartographer's Office, and local governments. See Appendix B for detailed instructions.
- Public School District Online Interactive Boundary Map Websites: A public school district website can be used by schools to verify the school district if it has an online interactive map that displays the parent's address and either has a notation on the map (pin, flag, dot, etc.) showing the address is located within the school district or indicates the address is or is not located within the school district (this may be identified by indicating which public school the child would attend in the district). An example is the [Kenosha Unified School District \(KUSD\) Boundary Interactive Map](#). On this map, addresses are displayed if they are in the district. The message "No results found for...." is displayed for addresses outside the district.
- **If a school is not able to determine a student's school district using the methods provided above, the school should contact the county clerk, city clerk, or public school district and request an email or a letter on their official letterhead stating the school district in which the address is located.**

**Appendix A: Frequently Asked Questions**

**School District Verification**

- 1. What should schools do if they cannot find the resident school district for an address using the methods provided?**

If a school is not able to determine a student’s resident school district using the methods provided in Step 2, then the school should contact the county clerk, city clerk, or school district and request an email from them or a letter on their official letterhead stating the school district in which the address is located.

- 2. What if the verification method only shows the public school district number and not the public school district name?**

If only the public school district number is identified, cross reference the public school district name on the [Public School District Directory](#) and write the public school district name on the printout.

- 3. What parts of the parent’s address must match the address on the school district verification document?**

The parts of the address that must match are the same as those that must match for the residency documentation. See the [table in Step 1](#) for the parts of the address that must match.

- 4. Does the address on the residency document, school district verification document and student application or transfer request form need to match?**

Yes, except for the unit or apartment number and zip code.

- 5. What parts of the street name need to be included on the residency documentation for Martin L King Jr Drive in the City of Milwaukee in order for the school to accept a residency document or verify that the address on the residency documentation matches the school district verification document?**

The address must include a street direction of North (may be abbreviated as N), street suffix of Drive (which may be abbreviated as Dr), and have a city of Milwaukee. The street name must either be MLK or include all of the parts of the street name identified below:

<b>Part of Street Name</b>	<b>Required on residency documentation and paper application or transfer request?</b>
Doctor or Dr	No-but may be included at the beginning of the name
Martin	Yes
L or Luther	Yes
King	No
Jr	No

If the other required address components meet the requirements identified in the [Required Matching Address components section](#) and the street name meets the above requirements, the school may accept

the residency document. The school must ensure the supporting residency documentation meets all other requirements in this bulletin.

**6. What if the apartment number, unit, lot number, etc. is not available from the documentation sources to verify which public school district an address is located in?**

For some properties (i.e. trailer parks, apartment buildings, etc.), the apartment number, unit number or trailer park lot number may not be available from the verification methods. It is not required that the apartment number, unit number or trailer park lot number be on the school district verification document.

**7. What if the parcel contains multiple properties and a different address comes up when you enter the student's address?**

For parcels that contain multiple properties (i.e. duplex, townhome complex, trailer parks, etc.), the address may have multiple street numbers in one parcel or have a main address with sub addresses. Schools should look at the county and city assessor websites to try and connect the main parcel address to the student's address. Some sites call these sub parcels or child parcels. Schools should keep documentation showing the main parcel address with the public school district and the documentation connecting the sub or child parcel to the main parcel.

**8. Does the parent's name have to match the owner's name on the document used to verify the school district?**

No, the name on the school district verification document does not need to match the parent name. The purpose of the school district verification is to verify the school district in which an address is located. Because some individuals do not own their residence, their name may not be on the document used to verify the school district.

**Residency Documentation**

**9. What date should be used for utility bills?**

If the utility bill does not indicate the bill date, the school should use the last meter reading date or the balance/amount due "as of date" on the utility bill to determine that the bill meets the [date requirements explained above](#). The balance/amount due line may include language such as "Balance As of {date}" or "Current Charges as of {date}". These dates are different than the date the bill is due. If the utility bill only includes the date the bill is due, the school should obtain another document that meets the requirements. The bill must be for services at the address on the application. If the bill includes both a mailing address and a service address, the addresses must match, unless the mailing address is a PO Box or email address.

**10. What date should be used for property tax bills?**

A year end property tax bill for the previous year can be used for applications and transfer requests received from January through April. If a parent would like to use a property tax bill for the continuing student residency verification or for applications and transfer requests not received from January to April, the property tax bill must include a billing date that meets the residency date requirement or the parent must be able to provide documentation showing when the bill was sent out so that the school can confirm it is meets the date requirements.

**11. Is a pay check or pay check stub acceptable residency documentation and what date should be used on the document to determine if it meets the date requirements?**

Yes, a pay check or pay check stub would be considered a wage statement. The pay check or pay check stub is sufficient for residency documentation as long as it is from the parent's employer and meets all of the residency requirements including having the parent's name, address, and date that meets the residency documentation requirements. If a pay check stub/statement is used as residency documentation, the school may use either the date of the paycheck, or the end of the pay period (if it is before the pay check date) to meet the residency documentation date requirement.

**12. Can tax forms other than W2s be accepted for residency documentation?**

Tax forms such as 1099s, 1098s, or 1095s from the previous calendar year are only acceptable if they are from a government agency and can only be accepted for applications and transfer requests received from January through April following the year of the form. If the tax form is from a government agency, the school must also ensure the document meets the other requirements in Step 1 of this bulletin. If the form is not from a government agency, the tax form may not be used as residency documentation.

Tax forms that people fill out and send to the government, such as the Federal 1040 tax return or other federal tax schedules, state tax returns/schedules, or W-9s, are not acceptable residency documentation.

**13. Is a natural or propane gas bill an acceptable form of residency documentation?**

Yes, the bill is acceptable since it is considered a "gas" bill, which is one of the allowed residency documents.

**14. Can a bill with only internet services be accepted for residency documentation if the provider has cable and satellite services available as well?**

No, the bill provided for residency documentation must include cable or satellite services for it to be an acceptable residency document. If the bill is only for internet services, it is not acceptable residency documentation.

**15. Is a USPS Change of Address Confirmation Letter acceptable as proof of residency?**

Yes, this falls under government correspondence so it would be sufficient residency documentation if the address where the student is residing is the new address listed on the USPS Change of Address Confirmation Letter.

**16. Can schools accept residency documents that are not on the allowed list?**

The residency documentation must be one of the documents on the allowed list of acceptable proof of residency documents. If a parent does not have one of the standard residency documents listed in #1-8 in the list of Allowed Residency Documents section in this bulletin, the school may follow the instructions described in #9 of the Allowed Residency Documents section of this bulletin.

As a reminder, some common examples of documentation that do not fall within the acceptable documents listed in #1-8 in the list of Allowed Residency Documents section in this bulletin include a

report card, bank statement, a letter from a landlord indicating the individual still resides at the address, any envelope, a rent or lease receipt, an expired lease, a cell phone bill, a tax return, or a mortgage statement or interest form.

**17. Can a school use a picture or a print screen of a required residency document?**

Yes, a school can use a pdf, picture, or print screen of a required residency document as long as the document includes all of the required components. See the next question for additional information if the pdf, picture, or print screen received is a partial document.

**18. If the school only receives and/or retains part of a required residency document, is that sufficient?**

A partial document is acceptable for residency documentation as long as the document includes all of the required components described in Step 1, with one exception. The exception is a lease agreement must be a complete, signed and dated lease.

**19. If the parent's middle initial/name or suffix on the residency documentation does not match the application, transfer request, or the parent name in the 3<sup>rd</sup> Friday in September Pupil Count Report, how should the school proceed?**

The middle initial/name and suffix do not need to match. Further, these fields are not required fields for DPI, so no change to DPI's data is required for them.

**20. If the punctuation, spacing, or capitalization in a parent's name on the residency documentation does not match the application, transfer request, or the parent name in the 3<sup>rd</sup> Friday in September Pupil Count Report, how should the school proceed?**

Differences due to punctuation, spacing or capitalization do not need to be corrected. New residency documentation is not required. These fields are not required fields for DPI, so no change to DPI's data is required for them. This would include any differences due to hyphens or apostrophes. See the [Parent Name Match section](#) for additional information.

**21. If there are two parents on the application or transfer request or two parents listed in the 3<sup>rd</sup> Friday in September Pupil Count Report, does the residency documentation have to include the name of both of the parents?**

No, the residency documentation only needs to include the name of one of the parents. See the [Parent Name Match section](#) for additional information.

**22. What residency documentation can an applicant provide if they recently moved?**

The most common residency documents for a family that recently moved are a new lease agreement, a confirmation letter of address change from the United States Postal Service, or a letter from the utility company establishing service at the new address. This documentation must have one of the parent's names and the new address.

**Other****23. If a SNSP student moves, when should the address be updated in DPI's records?**

The address the first year the student is in the program is based on where the student resided on the date the application or transfer request was received. During the first year, the school should not report any address changes to the department that occur after the date the application or transfer request is received.

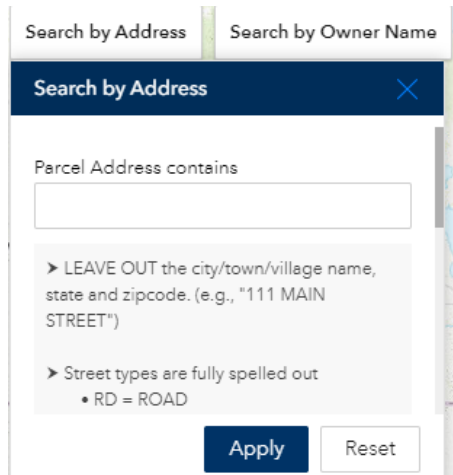

After the first year a SNSP student is at the school, the school must obtain updated residency documentation dated between the 3<sup>rd</sup> Friday in August and the last day in September that shows the address where the student resides as of the 3<sup>rd</sup> Friday in September. The current address for continuing students at the school are reported to the DPI in the 3<sup>rd</sup> Friday in September Pupil Count Report. See the [Continuing Student Residency Verification](#) section of this document for additional information on the requirements for the annual residency documentation.

**24. If a continuing SNSP student does not change addresses, do I need to obtain new residency documentation for the student?**

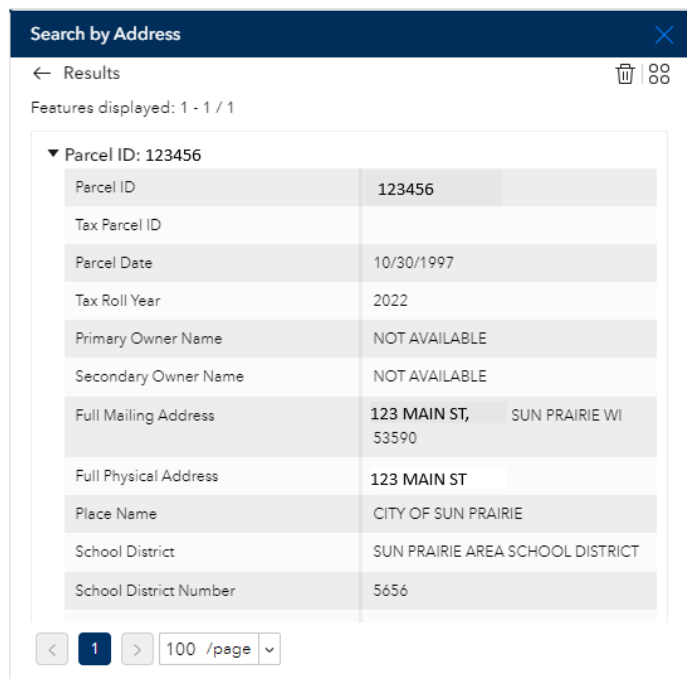

Yes, schools are required to obtain residency documentation for all continuing SNSP students that has the students' addresses as of the 3<sup>rd</sup> Friday in September.

### Appendix B: Statewide Parcel Map Directions

1. Go to: [Statewide Parcel Map](#). Before completing verifications, read the Search Tips, including the information on using the wildcard search options of % and \_ under the General Search Tips.
2. Click “Search By Address” and enter the address in the search field. Then, click Apply.

3. If the address is found, a parcel id will show. Click the carrot next to the parcel ID ▶ Parcel ID: .
4. Confirm the address in the box matches the student’s address. If so, expand the box using the black corner icon in the bottom right corner so that the address, school district name, and school district number are showing. Then, print the webpage using the webpage browser print function. If the school district number only is identified, cross reference the school district name on the [Public School District Directory](#) and write the school district name on the printout. If neither the school district name nor number are displayed, the school must use an alternative school district verification option in Step 1.

### Appendix C: Vital Record Verification

If a birth certificate, marriage certificate, certificate of naturalization, or certificate of citizenship is provided for a name change, the school should not make a copy of the document. Instead, the school should do one of the following and maintain the document in the student file:

- 1) Birth certificate: Complete a copy of the [Annotation of Birth Record/Facts Form](#).
- 2) Marriage certificate: The school should draft a letter that includes the following: (1) the first and last name of both spouses; (2) the date of the marriage; (3) the government entity that issued the marriage license (e.g., state registrar, local registrar, U.S. Dept. of State, or other foreign country); and (4) the signature and signature date of the school employee drafting the letter.
- 3) Certificate of naturalization or certificate of citizenship: The school should draft a letter that includes the following: (1) the individual's legal name; (2) the date the document was issued; (3) the government entity that issued the document (e.g., state registrar, local registrar, U.S. Dept. of State, or other foreign country); and (4) the signature and signature date of the school employee drafting the letter.
