

SPECIAL NEEDS SCHOLARSHIP PROGRAM (SNSP) FACTS AND FIGURES 2022-23

In January 2023, 160 private schools were participating in the SNSP with a total enrollment of 2,258 students or 2,214.1 full-time equivalent (FTE) in the program.* In the 2022-23 school year, the SNSP state aid for a full scholarship student is \$13,076 per FTE unless a school submitted a Statement of Actual Cost of the services provided during the 2021-22 school year for the pupil. If the school submitted a Statement of Actual Cost, the 2022-23 payment for the pupil is based on the costs in the statement if the costs in the statement are above \$13,076. For each partial scholarship** student the department pays participating private schools \$8,399 per FTE for students in grades kindergarten through eight and \$9,045 per FTE for students in grades nine through twelve.

All pupils participating in the SNSP must identify their resident public school district (the public school district where they reside). State law requires public school districts to have their state general aid reduced by an amount equal to the amount paid by the state to participating private schools attributable to the SNSP pupils residing in the district except for students with a Statement of Actual Cost. If a school submits a Statement of Actual Cost, up to 150% of the full scholarship per pupil payment (\$19,614 in 2022-23) of the actual costs are funded through an aid reduction from the pupil's resident school district. In addition, the private school receives 90% of the actual costs over 150% of the full scholarship per pupil payment, which are funded directly from the state with state general purpose revenue. If a resident public school district does not receive general aid payments sufficient to cover the SNSP pupil aid reduction, the balance would be reduced from other state aids received by the district. SNSP pupils are included in their resident public school district's membership for state general aid purposes in the following year. Districts may not levy to backfill the aid reduction. However, they receive a non-recurring revenue limit exemption equal to their state general aid reduction.

The table below shows the SNSP enrollment by grade level for the 3rd Friday in September 2022 count date and the 2nd Friday in January 2023 count date. The number of students listed in the table are reported by headcount and FTE. For example, a four-year-old kindergarten student may be counted as 0.5 or 0.6 FTE.
