Total											\$95,752,457

¹Calculated as the average of the September and January FTE.

²Starting in 2017-18, students that have been determined to no longer have a disability receive a partial scholarship beginning in the school year following the determination. The partial scholarship payment varies by grade level.

³Starting in 2018-19, schools are eligible to receive summer school funding. Summer school payments are calculated as follows: 5% of the maximum per pupil amount from the school term preceding summer school multiplied by the school's summer school headcount for students that attended 15 or more days and prorated if attended less than 15 days.

⁴Calculated as the aid membership times the rate per FTE for the full scholarship pupils and partial scholarship pupils plus summer school pupils. Starting in 2019-20, if the school submitted a Statement of Actual Cost, the payment is based on the costs in the statement if the costs in the statement are above the full scholarship payment rate.

As of October 2023. Numbers are subject to change.
