RE: 2020-2021 Misreported Data

To Whom It May Concern:

Please reduce the full-term dropout number for the 2020-2021 school year for Northwood Virtual School, in the Northwood School District, by one leaving a total of zero potential dropouts due to the following:

1. This student successfully completed the graduation requirements and earned a high school diploma on May 28, 2021. Looking closer at the student's enrollment, the "end status" of HSC was not updated; therefore, the student data showed possible dropout, not graduated.

Since the school year is within the 5-year record retention timeframe, please update the record in WISEDash and reporting systems that referenced the dropout rate for the 2020-2021 school year.

Dropouts - should be decreased by one student  
Graduation - should be increased by one student

Please accept this letter as official notification of the data error.

Thank you for your assistance,

Scot Kelly, District Administrator
