RE: Misreported Student Data

It has come to our attention that our 2022-2023 High School Graduation data is not accurately reflected. As part of our commitment to transparency and accuracy, we believe it is essential to address these discovered discrepancies.

After conducting a comprehensive review, we noted that 1 student was unaccounted for in the graduation class of 2023. The student graduated with a certificate of attendance rather than a high school diploma.

Please accept this letter as official notification of the data error.

Sincerely,

A handwritten signature in black ink that reads "Rhonda Elmhorst-Friemoth".
