RE: 2023-2024 Misreported Student Data

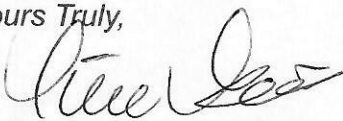

During the review of the December 2023 snapshot report, we noted the occurrence of some errors. As part of our commitment to transparency and accuracy, we believe it is essential to promptly address these discovered discrepancies.

After conducting a comprehensive review, we noted that 56 students were unaccounted for in the December snapshot. Upon further investigation with our SIS team and the Executive Director-Youth Re-Engagement, it appears that the number of our enrolled students was not accurately reflected due to an error in our attendance process that did not align with the District Configuration. We will receive a weekly attendance report, and staff will regularly upload it into our SIS.

December Snapshot reported 56 students Attendance Actual Count 56 students

Please accept this letter as official notification of the data error.

Yours Truly,

Tina Geier
