RE: Zero Attendance Reporting

Per your voicemail requesting a data errata submission regarding inaccurate attendance reporting for Wausau Area Virtual Education, we have taken steps to correct our system moving forward. While we keep and monitor student engagement data in a separate system, at the time, we did not have a process for entering said attendance in our SIS. We cannot enter attendance data retroactively in our SIS, so we cannot provide corrected attendance data for the 2023-24 school year. We now have a system for reporting our attendance data as of Semester 2 of the 2024-25 school year, and will be able to provide accurate data as of that time.

If you have any questions or concerns, please contact me at the information below.

Sincerely,
