Re: December 10th, 2024 Snapshot for 2023-2024 school year.

To whom it may concern:

I received notice that only 6 CTE Concentrators were reported for the 2023-2024 school year. The Data was entered and the accurate count for our CTE concentrators should be 144.

We are aware the ISES collection is closed, it has been publicly reported and the information cannot be changed. However, we would like our accurate numbers reflected on the Data Errata Website.

Thank you for your time,
