RE: 2023-2024 Misreported 12th Grade Student Concentrators

During the review of the December 2023 snapshot report, we noted the occurrence of some errors. As part of our commitment to transparency and accuracy, we believe it is essential to promptly address these discovered discrepancies.

After conducting a comprehensive review, we noted that 384, 12th grade students were unaccounted for in the December snapshot. Upon further investigation with our SIS team, the Director- Pathways & CTE, and our Programmer, it appears that the number of our CTE Concentrators was not accurately reflected due to an error in our CTE process that did not align with the our SIS IC is not recognizing students who were not actively enrolled in a concentrator program. Following vendor recommendations, we updated IC to identify student concentrators. We will review these identifications for accuracy after the school closure.

December Snapshot reported 63 students CTE Concentrator Actual Count 447
Please accept this letter as official notification of the data error.

Sincerely,
Mary Jankovich
