Category: CTE Concentrator 23-24 Misreported Data

Subject: Explanation of Misreported CTE Concentrator Data

Dear Department of Public Instruction,

This letter explains the misrepresentation of our CTE Concentrator data for the 2023-24 school year. Several factors contributed to this issue.

First, we identified multiple CTE Concentrator graduates who were correctly tagged in Infinite Campus (IC) but did not post to the WISEdash for Districts. The reason for this discrepancy was unclear for some time. We were eventually led to believe that it was related to the program end date. The programs these students were tagged in had an end date of 2022, while students who *did* post to WISEdash did not have an end date listed.

Second, our junior class was not represented in the data. The data extraction was run only for the senior class, leaving the majority of our junior concentrators off the submitted list.

24 Snapshot: 669 concentrators

23 Snapshot: 1549 Concentrators
