RE: 2023-2024 Misreported Student Data

During the review of the December 2024 snapshot report, we noted the occurrence of an error. As part of our commitment to transparency, we believe it is essential to promptly address this discovered discrepancy.

After conducting a comprehensive review, we noted that 49 students were unaccounted for in the December snapshot. Upon further investigation with our SIS team, it appears that these students were not reflected in the economically disadvantaged category. The error was discovered on 1/30/25 and the issue was fixed on 2/4/25.

December Snapshot report: 0 economically disadvantaged students  
Stockbridge School District actual count: 49 economically disadvantaged students.

Please accept this letter as official notification of the data error.

Yours Truly,

Todd Fischer  
District Technology Coordinator
