RE: 2023-2024 Misreported Student Data

During the review of the Spring Demographics 2024 snapshot report, we noted the occurrence of some errors. As part of our commitment to transparency and accuracy, we believe it is essential to address these discovered discrepancies promptly.

After conducting a comprehensive review, we noted that 2 students with disabilities were unaccounted for in the Spring Demographics snapshot. DPI's WISEdash snapshot shows a count of 42 students with disabilities on the Spring Demographics 2024. The correct WISEdash Count should be 46 students with disabilities.

Please accept this letter as official notification of the data error.
