RE: 2023-2024 Misreported WISEstaff Data

Mary Wilcox (EFN 629929) was incorrectly reported as an educational interpreter on the WISEstaff report. Mary is no longer an educational interpreter; she is a certified intervener and special education instructional assistant. She holds a current National Intervener Credential, effective November 1, 2024, from the National Intervener & Advocate Association (NIAA), which I have attached. She is assigned as a Special Education Instructional Assistant and holds a current, valid Special Education Program Aide License.

She is an hourly employee, earning \$33.13/hour. As an hourly employee, she does not have a contract. Her compensation data has been updated in WISEgrants.

Please accept this letter as official notification of the data error.

Yours Truly,
