Category: 2024-2025 Roster Data for the 2025-2026 Report Card
Sub-Categories: Postsecondary Preparation data and CTE Participants

During the review of the December 2025 snapshot report, we noted the occurrence of some errors. As part of our commitment to transparency and accuracy, we believe it is essential to promptly address these discovered discrepancies.

This letter is to be submitted by the Williams Bay School District to correct the Postsecondary Preparation data, specifically for Dual Enrollment and Work-based Learning. For Dual Enrollment, the December snapshot reported 0. The actual data at the time of the December snapshot was 82. For Work-based Learning, the December snapshot reported 5 (2 Internships and 3 Youth Apprenticeships). The actual data at the time of the December snapshot was 10 (5 Internships and 5 Youth Apprenticeships). These numbers were reported accurately in WISEdata, but were not reported in WISEdash.

This letter is to be submitted by the Williams Bay School District to correct Perkins-CTE data. Although 40 CTE Concentrators were accurately reported in WISEdash, 133 students were unaccounted for as CTE Participants. There was an error in the SIS causing grade/completion data to not be sent to WISEdata in time for the December snapshot.

Please accept this letter as official notification of these data errors.

William White
Superintendent
Williams Bay School District
