Re: 2024-2025 Misreported Dropout Data

During our review of the dropout data for the 2024 -2025 school year, we noted the occurrence of some errors. In being transparent, we believe it is essential to address the discrepancies found.

After a comprehensive review, we noted that some of our students had incorrect exit codes for the 2023-2024 academic year, which we are no longer able to publish to get the correct data. We discovered these when reviewing transfer requests that the majority should have been TOS (moving out of state, knowing to be continuing), along with 3 that went to private school (TNC), and 1 that was a High School Completer.

Data that was published for dropouts	Correct data for dropouts per school
Verona Area High School: 10	Verona Area High School: 4
Badger Ridge Middle School: 3	Badger Ridge Middle School: 0
Savanna Oaks Middle School: 2	Savanna Oaks Middle School: 0
Core Knowledge Charter Middle: 1	Core Knowledge Charter Middle: 0

Please accept this letter as official notification of the data error. We have come up with 2 additional steps to make sure that this does not happen again including additional training for those who handle student transfers and more oversight on our end.

In Service,

Dr. Tremayne Clardy
Verona Area School District, Superintendent
