Dear WISEdata Collection Agents,

The Columbus School District was audited this year for 2024-25 Timely Initial Evaluations (Indicator 11). The data was submitted through our student information system to WISE throughout the year. We did not receive any flags identifying any errors in our data collection prior to the December 9th snapshot. On November 13, 2025 the District received notice that we were out of compliance with Indicator 11 requirements.

Upon further review, the District had one student who was flagged as not having a completed evaluation. It was discovered that the student did have a completed evaluation within the allocated time frame, however, in our IEP management system (SEEDs), the box to indicate that the evaluation was complete was not checked.

The box has now been checked and we have continued to comply with not only the timely evaluation but also the implementation of the student's IEP.

We continue to work with our data team to effectively track student data in an effort to meet compliance measures set in place by the Department of Public Instruction.

If you have any questions or require additional action, please contact me at (920) 623-5950 or via email at jflood@columbus.k12.wi.us.

Sincerely,

Jacob Flood
District Administrator
Columbus School District
