RE: 2024-2025 Missing Choice Participants

During the review of the December 2024 Snapshot report, DPI identified a data issue related to our school's December snapshot data. It was noted that choice participants from our Early Childhood Center located in Brown Deer that opened in 24-25 were not reported. After working with DPI, we determined that the students were included in our Milwaukee campus data.

Our Early Childhood Center only enrolls K4 students for the choice program. There were 5 MPCP students and 2 WPCP students included in our 3rd Friday in September data submitted by our Milwaukee campus who were actually enrolled at our Early Childhood Center.

We are reaching out to our SIS vendor, Skyward, to implement a fix so that our data pushes through correctly for the next snapshot.

Please accept this letter as official notification of the data error.

There were 5 MPCP students and 2 WPCP students included in our 3rd Friday in September data submitted by our Milwaukee campus who were actually enrolled at our Early Childhood Center. All students receive free breakfast and lunch through the CEP program. Of the 7 students, 6 are economically disadvantaged and 1 is not.

We are reaching out to our SIS vendor, Skyward, to implement a fix so that our data pushes through correctly for the next snapshot.
