RE: 2024 Misreported Graduation Data

Our 2024 graduation dates were inaccurately reported. Originally our students who access special education were exited from special education with a graduation date of May 31, 2024. However, our student data system reported that their graduation date was June 1, 2024. This resulted in students appearing to not access special education services for one day.

Our systems have been updated so that both graduation dates are consistent at June 1, 2024. This data error impacted 11 students. There was one student who was listed as a drop out. That data point is accurate.

Please accept this letter as official notification of the data error.

Yours Truly,

Jennifer Johnson
