RE: 2024-25 Misreported Student Counts

This letter is to correct the School District of Norway J7's October 1 Child Count data.

During the review of the December 2024 WISEdash December Student snapshot report, we noted the occurrence of some errors. As part of our commitment to transparency and accuracy, we believe it is essential to promptly address these discovered discrepancies.

DPI's WISEdash snapshot recorded a count of 109 students, ages 3 to 21, on the October 1 Child Count for the 2024-25 school year. The correct 2024-25 October 1 Child Count number, ages 3 to 21, should be 108. The number of students in special education were recorded as being 2 students. The correct number of students in special education for 2024-25 for the October snapshot should have been recorded as 13.

We believe the error occurred due to the SIS not communicating accurately with DPI.

Please accept this letter as official notification of the data error.

Sincerely,

*Steven R. Williams, Ph.D.*

Superintendent/Director of Special Education
