RE: 2024-2025 Misreported Student Counts

This letter is to correct the School District of Prentice's October 1 Child Count data.

During the review of the December 2024 WISEdash December Student snapshot report, we noted the occurrence of some errors. As part of our commitment to transparency and accuracy, we believe it is essential to promptly address these discovered discrepancies.

DPI's WISEdash snapshot recorded a count of 63 students, ages 3 to 21, on the October 1 Child Count for the 2024-2025 school year. The correct 2024-2025 October 1 Child Count number, ages 3 to 21, should be 65.

\*Of those 65 students ages 3 to 21 students, 4 were students ages 3, 4 and 5 on October 1.

We believe the error occurred due to the transitioning of Special Education Directors at the beginning of the year and an issue with a student having two IEPs. We reviewed our count and noted that we have 70 students for 2024-2025, but 5 parents revoked services bringing us down to 65 active IEP students. The other two students were omitted by accident due to transition in several administrative positions and one student that was not counted for the October 1st count due to an issue with the student having two IEPs for the 24-25 school year. The earlier IEP ended on 9/25/24, pre Oct. 1st and the second one started 10/16/2024 post Oct. 1st. The student had no active IEP on 10/1/2025. The reason for the gap is the parents cancelled several IEP meetings that were scheduled prior to the expiration of the 9/25/24.

Please accept this letter as official notification of the data error.

Sincerely,

Keith Crispell  
Superintendent Prentice School District

RE: 2024-2025 Misreported Student Data

During the review of the December 2024 Snapshot report, we noted the occurrence of some errors that came to our attention. As part of our commitment to transparency and accuracy, we believe it is essential to promptly address any discrepancies discovered.

After conducting a comprehensive review we discovered that one student was unaccounted for in the December Snapshot. We have a student in special education that was not counted for the Oct. 1 Child Count. This is due to an issue with the student having two IEP's for the 24-25 school year. The earlier one ends on 09/25/2024, pre Oct 1st and the second one starts 10/16/2024 post October 1st. She has no active IEP on 10/01/2024. The reason for the gap between the IEP's is because the parents of the student canceled multiple IEP meetings that were scheduled.

December Snapshot reported 345 students  
Incorrect Snapshot Data

TFS Actual Count 346 students  
Actual Correct Data

Sincerely,

Keith Crispell  
School District of Prentice Administrator
