RE: 2024-22025 Misreported Student Counts

This letter is to correct the School District of Woodlands' October 1 Child Count data.

During the review of the December 2024 WISEdash December Student snapshot report, we noted the occurrence of some errors. As part of our commitment to transparency and accuracy, we believe that it is essential to promptly address these discovered discrepancies.

DPI's WISEdash student snapshot recorded a count of 21 students, ages 3 to 21, on the October 1 Child Count for the 2024-2025 school year. The correct 2024-2025 October 1 Child Count number, ages 3 to 21, should be 60.

*Of those 60 students, 5 were students ages 3, 4, and 5 on October 1.

We believe the error occurred due to our SIS not capturing all students that have active IEPs. We have since completed a manual review of the student profile in our SIS for all students with active IEPs to ensure that they are accurately coded. We will continue the manual review process on an annual basis.

Sincerely,

A handwritten signature in black ink that reads "Vickie Brown-Gurley".
