RE: 2025-2026 Misreported Student Data

During the review of the December 09, 2025 snapshot, capturing October 1st Child Count data, we noted the occurrence of some errors. As part of our commitment to transparency and accuracy, we believe it is essential to promptly address these discovered discrepancies.

After conducting a thorough review of the accurate student enrollment on October 1st, 2025, we noted that 2 students were unaccounted for. We have changed our SIS from Skyward to Qmlativ and the migration was a learning process. Two Parently Placed students were incorrectly enrolled in our system. Unfortunately, these errors were not corrected in time.

Snapshot Count for October 1st (on December 09, 2025) : 252

Actual Count for October 1st : 254

Please accept this letter as official notification of the data error.

Yours Truly,

Altoona School District

Director of Special Education and Student Services
