December 8, 2025

Category: Enrollment

Sub-Category: Student Demographics

St. Martin Lutheran School in Clintonville, Wisconsin switched SIS providers this school year (2025-2026). We went from Fast Direct to FACTS. We have diligently been working with FACTS to correct any data transfer issues that may arise within WISE. We have been going back and forth with FACTS, but one error remains.

We have noted that 2 students have the validation error 6815. The student demographics on the student Education Organization Association (SEOA) resource is the area we are having trouble correcting. We are also communicating with the non-primary school from whom they receive services to see if they can correct any data errors on their end.

We are still working with FACTS representatives to correct this last error, but may not have this fixed by December 9, 2025.

Please accept this letter as official notification of the data error.

Sincerely,

Emily Ferg
Principal
