

### Conflict of Interest Form - 2019 Wisconsin Act 86

I attest that I am not restricted from serving under the requirements of 2019 Wisconsin Act 86, and I acknowledge that if the Department of Public Instruction becomes aware of a statutory restriction, I will need to resign my position on the advisory board.

2019 Wisconsin Act 86 includes the following statutory prohibitions regarding conflicts of interest:

(3m) Advisory committee members; recommendation restrictions.

(a) In this subsection, "financial interest in an entity" includes all of the following:

1. A direct or indirect ownership interest in the entity.
2. That the individual received income from the entity during the 12 months preceding the submission of the individual's name to the state superintendent under sub. (4).

Neither the International Dyslexia Association – Wisconsin Branch, Inc., nor the Wisconsin State Reading Association, Inc., may include an individual on a list submitted to the state superintendent of public instruction under sub. (4) (a), (b), or (c) if any of the following apply to the individual:

1. The individual has a financial interest in an entity that develops, sells, or markets a product for screening risk factors for reading difficulties.
2. The individual has a financial interest in an entity that develops, sells, or markets a product to assess reading ability.
3. The individual has a financial interest in an entity that develops, sells, or markets a product specifically intended to be used to teach reading.
4. The individual has a financial interest in an entity that develops, sells, or markets a product to treat reading difficulties.
5. The individual received income from any entity to provide training on a product described in subds. 1. to 4. and the training occurred during the 12 months preceding the submission of the individual's name to the state superintendent under sub. (4).
