

**USDA Child Nutrition Programs
Administrative Review Summary Report**

School Food Authority: St Katherine Drexel

Agency Code: 147838

School(s) Reviewed: St Katherine Drexel

Review Date(s): January 9-10, 2019

Date of Exit Conference: January 10, 2019

State agencies (SA) are required to conduct administrative reviews to assess School Food Authority (SFA)'s administration of the National School Lunch Program (NSLP), School Breakfast Program (SBP), and other school nutrition programs. The objectives of the Administrative Reviews are to:

- Determine whether the SFA meets program regulations,
- Provide technical assistance,
- Secure needed corrective action,
- Assess fiscal action, and when applicable, recover improperly paid funds.

General Program Reminders/Updates:

- The Department of Public Instruction (DPI) School Nutrition Team (SNT) conducts School Nutrition Skills Development Courses (SNSDC) each summer in various locations around the state. Courses cover many areas of the school nutrition programs including administrative responsibilities, program basics, meal pattern requirements and menu planning, financial management, meal benefit determination process, professional standards, procurement, and many other topics. More information along with other upcoming trainings and webinars can be found on the Wisconsin DPI [School Nutrition Training](http://dpi.wi.gov/school-nutrition/training) webpage (dpi.wi.gov/school-nutrition/training).
- SFA staff are encouraged to pursue GOALS Certification. GOALS stands for Goal Oriented Achievement Learning Skills. This is a certificate endorsed by the DPI and is obtained by completing training in nutrition, program administration and operations, or communications and marketing. For more information go to the Wisconsin DPI [School Nutrition Training](http://dpi.wi.gov/school-nutrition/training/goal-oriented-achievement-learning-skills) webpage (dpi.wi.gov/school-nutrition/training/goal-oriented-achievement-learning-skills).
- The US Department of Agriculture (USDA) has a toolkit of resources to assist schools in meeting the nutrition standards on their [Healthier School Day: The School Day Just Got Healthier](http://www.fns.USDA.gov/healthierschoolday) webpage. The topics covered include Smart Snacks, offering fruits and vegetables, reducing sodium, and serving whole grain-rich products (http://www.fns.USDA.gov/healthierschoolday).
- [The Smarter Lunchrooms Movement](http://smarterlunchrooms.org) encourages schools to implement low-cost and no-cost lunchroom solutions to help students select healthier meal options (http://smarterlunchrooms.org). Smarter Lunchroom techniques are easy to begin implementing and help encourage student consumption of fruits, vegetables, legumes, non-flavored milk, and other healthful choices. These strategies are effective and research-based. Consider trying the Smarter Lunchroom techniques for increasing consumption of white milk.

Appreciation/Commendations/Noteworthy Initiatives:

Thank you to the staff at St Katherine Drexel for the courtesies extended to us during the on-site review and for being available to answer questions and provide additional information. All were very receptive to recommendations and guidance. In addition, thank you for taking the time to respond to the off-site questions and requests, as well as pulling records for the on-site portion of the review. The principal and school secretary do a nice job of keeping documents organized and are familiar with regulations for the NSLP. The food service director does a wonderful job of managing the meal program and working with staff and volunteers. It was a pleasure to visit St Katherine Drexel.

REVIEW AREAS

1. MEAL ACCESS AND REIMBURSEMENT

Certification and Benefit Issuance

Commendations/Comments/Technical Assistance (TA)/Compliance Reminders

The administrator should be commended for working with the SNACS program regarding application approval. Thanks for your efforts!

Free and Reduced Price Meal Applications

- Applications must be reviewed in a timely manner. An eligibility determination must be made, the family notified of its status, and the status implemented within 10 operating days of the receipt of the application.

Annual Income

- There has been a recent modification to the requirement pertaining to the reporting of annual income on an application. USDA released SP-19, 2017 on March 20, 2017 allowing households to report current income as an *annual figure*. Annual income is typically reported for households with jobs that are seasonal, self-employed, or agricultural work since that is a more accurate representation of *current income*. These applications may now be processed at face value. However, most households that receive regular pay checks, will report income based on what is *currently earned* and the frequency of that pay, i.e. weekly, biweekly, bimonthly or monthly.

Household Size Box

- The total household member size box (Step 3G) includes all children and adults in the household and must match the number of names on the application for that application to be considered complete.

Incomplete Applications

- Any application that is missing required information, contains inconsistent information, or is unclear is considered an incomplete application and may not be determined until clarified with the household. The SFA may return the application to the household or contact the child's parent or guardian either by phone or in writing/email. The determining official should document the details of the conversation plus date and initial. Applications missing signatures must be returned to the parent to obtain. Reasonable effort should be made to obtain the missing information prior to denying the application.

Other Source Categorical

- If a household submits an application that indicates Other Source Categorical Eligibility, such as homeless, migrant, or runaway, the SFA must confirm the children's status by an appropriate program official either through direct contact with the agency or by a list of names provided by the agency, before meal benefits can be provided. Once confirmed, this eligibility is only available to the designated child and is not extended to other members of the household.
- Applications that indicate a child is a foster child are categorically eligible for free meals. The child's status for free meals does not require confirmation of eligibility prior to receiving benefits. This benefit is not extended to other household members.

Public Release

- All SFAs are required to distribute a [Public Release](#) before the start of the school year (<https://dpi.wi.gov/school-nutrition/national-school-lunch-program/free-reduced-applications#apps>). The purpose is to inform the public that free and reduced price meals are available. SFAs must annually distribute the Public Release to:
 - Local news media
 - Grassroots organizations (local organizations providing services to populations in need)
 - Major employers contemplating or experiencing large layoffs
 - Local Unemployment Office (as applicable)
- SFAs are not required to pay to have the public release published but must maintain documentation of whom it was sent to along with the specific materials distributed.

Limited English Proficiency (LEP)

- Application materials and other communications with households concerning eligibility determinations must be provided in a language that parents or guardians can understand in order to diminish any language barriers to participation for individuals with limited English proficiency.
- SFAs must make reasonable efforts to provide household letters and application forms to families in the appropriate languages.
- To assist SFAs in reaching households with limited English proficiency, the SNT provides the Wisconsinized version of the USDA Free and Reduced Price Meal application materials in English, Spanish, and Hmong.
- The USDA Food and Nutrition Service (FNS) website offers many other [foreign language translations of the Application for Free and Reduced Price School Meals](#) (<https://www.fns.usda.gov/school-meals/translated-applications>).
- The nonprofit food service account may be used to pay for translation services if there is a need to translate materials in a language that is not currently available.

Direct Certification

- As a reminder, you are required to run direct certification a minimum of three times a year: at or near the beginning of the school year, three months after the initial run and six months after the initial run.
- The effective eligibility date for a DC eligible student is the date of the original output file.

Transferring Students

- Transferring the eligibility determination between LEAs ensures that qualifying students continue to receive school meal benefits as they transition to new schools, and avoids the possibility of unpaid

meal charges. FNS strongly encourages LEAs to immediately accept the eligibility determinations made at a student's previous LEA (if they participated in NSLP) when a student transfers between LEAs during the school year, over the summer, or at the start of the next school year. Wisconsin DPI **requires source documentation** of the student's previous eligibility.

Disclosure

- The LEA must seek written consent from the parent or guardian to use the information provided on the application or through direct certification for non-program purposes, such as athletic or testing fee waivers, registration fee waiver, school fees, etc. Consent must be obtained each school year. Find the [Sharing Information with Other Programs](https://dpi.wi.gov/sites/default/files/imce/school-nutrition/doc/sharing-info-other-programs.doc) template on the Free and Reduced Meal Applications and Eligibility webpage (<https://dpi.wi.gov/sites/default/files/imce/school-nutrition/doc/sharing-info-other-programs.doc>).
- For anyone receiving eligibility information to approve students for non-food service program benefits after parental consent is received, the *Disclosure Agreement* form should be signed and on file at the district. A template [Disclosure of Free and Reduced Price Information](http://dpi.wi.gov/sites/default/files/imce/school-nutrition/doc/disclosure-agreement.docx) form is located on the SNT website (<http://dpi.wi.gov/sites/default/files/imce/school-nutrition/doc/disclosure-agreement.docx>).

Findings and Corrective Action Needed: Certification and Benefit Issuance

Finding: The finding was that two students received meal benefits based on a letter shared from another school district. The two students were listed as part of a household who had a sibling receiving meal benefits at another school.

Corrective Action Needed: Please follow up with school to see if the school will provide the source document. If the school does not provide a copy of the source document then students will have to go to paid status. Household can apply for meal benefits. Please submit a copy of this source document if it is received to reviewer. A copy of the SFA1 was left with the SFA.

Verification

Commendations/Comments/Technical Assistance (TA)/Compliance Reminders

- When applications are chosen for verification, the person designated as the Confirming Official must review the application(s) to ensure the initial determination is correct prior to contacting the family.
- When a benefit eligibility status increases, the change must take place within three days. When a benefit eligibility decreases, the change cannot take place before ten calendar days and a notice of adverse action is sent in writing with appeal rights procedures.

Meal Counting and Claiming

Commendations/Comments/Technical Assistance (TA)/Compliance Reminders

- Meals may only be charged to a student upon receipt of a reimbursable meal to assure proper benefits issuance.
- When entering the claim it is necessary to use the edit check to calculate your reimbursable meals by site for claim submission.

- Meals must be offered to all students each day school is in session a full day, so DPI has created [Field Trip meal resources](https://dpi.wi.gov/school-nutrition/national-school-lunch-program/menu-planning) to help schools offer student meals (https://dpi.wi.gov/school-nutrition/national-school-lunch-program/menu-planning).
- When entering the claim it is necessary to use the edit check to calculate your reimbursable meals by site for claim submission.

Findings and Corrective Action Needed: Meal Counting and Claiming

Finding: The edit check is being performed however; the SFA needs to breakout the students by their respective categories on the manual edit check sheet.

Corrective Action Needed: Please submit a month of edit checks with the free, reduced and paid broke out. Corrected on-site no further action needed.

2. MEAL PATTERN AND NUTRITIONAL QUALITY

Thank you to the Food Service Director for sending in requested materials before the on-site review. This expedited the review process and left more time for technical assistance. The meal service operation was executed flawlessly; the components were attractively presented and all staff and volunteers had an excellent grasp of Offer versus Serve. This ensured that all students selected a reimbursable meal.

The reimbursable meal signage was located at a height appropriate for students and relayed information in an understandable way. Signage was located at multiple locations throughout the service line and students were clearly aware of the need to create a reimbursable meal and how to accomplish this.

The Food Service Director has regularly attended training and applies the knowledge gleaned in the classes to her operation. This was particularly evident related to Procurement and the Child and Adult Care Food Program (CACFP) new meal pattern.

Comments/Technical Assistance/Compliance Reminders

We strongly remind you that meals must be offered to all students each day school is in session a full day.

Children on a field trip must be offered lunches that meet daily meal pattern requirements. Specific procedures must be followed, including maintaining the temperature of time/temperature control for safety (TCS) food, establishing a way for collecting meal payments, and obtaining a count by eligibility category. If your school implements Offer versus Serve (OVS), OVS must be implemented, to the extent possible, during field trip meals as well. Allowing students to turn down at least one component meets the requirement of OVS. For example, you may offer the grain, meat/meat alternate, and vegetable together in a bag, then allow students to select from or turn down multiple fruit choices and at least two milk types. For more information, please reference the [Meals on Field Trips overview](https://dpi.wi.gov/sites/default/files/imce/school-nutrition/pdf/field-trip-meals-overview.pdf) (https://dpi.wi.gov/sites/default/files/imce/school-nutrition/pdf/field-trip-meals-overview.pdf).

Findings and Corrective Action Needed: Meal Pattern and Nutritional Quality

Finding: The posted menu does not include the shortened USDA non-discrimination statement.

Corrective Action Needed: Please add “This institution is an equal opportunity provider” to the front side of the monthly menu and send a copy of February’s menu to Molly.Gregory@dpi.wi.gov.

Corrected on-site no further action needed.

3. RESOURCE MANAGEMENT

Nonprofit School Food Service Account

Commendations/Comments/Technical Assistance (TA)/Compliance Reminders

Annual Financial Report (AFR)

- All revenues (reimbursements and student payments) and expenses (including food, labor, equipment, purchased services, and the other category) need to be separated into each program; this will aid the school in calculating its “yearly” reference period for nonprogram food compliance which is highly recommended. The new [16-17 Annual Financial Report instructions](#) are located on the DPI website (<https://dpi.wi.gov/sites/default/files/imce/school-nutrition/pdf/annual-financial-report-instructions.pdf>).
- When a student deposits funds in their lunch account which will be used for meal purchases, the amount received is not treated as revenue until the meal has actually been served to the student. The amount of funds on hand in student accounts is treated as a deposit or liability account in either the foodservice fund (Fund 50) or the general fund (Fund 10) until the meal is served, at which point the deposit account is converted to revenue. This amount should not be recorded as revenue or part of the fund balance on your Annual Financial Report.
- The ending balance on June 30 from the previous year needs to be the beginning balance on July 1 for the current year.
- The ending balance, on June 30, can never be a negative balance. A transfer must be made from the non-federal funds to bring the ending balance to \$0.00.
- The school food service fund may not have an ending fund balance in excess of 3 month operating expenses, as this is considered “Excess Cash Balance”.
- These categories of the AFR that should be addressed when tracking revenues and expenditures include:
 - Expenses for paper supplies, chemicals, thermometers, etc., should be reported under “Other”. Only expenses for edible food items and beverages should be reported under “Food”.
 - “Equipment” should reflect major purchases of equipment. Utensils, pans, smaller equipment such as a cart, etc., should be reported under “Other”.
 - Under “Purchases Services” report any time you pay someone for services provides such as equipment repair and health inspections.
 - Under “nonprogram foods”, report the expenses for any food items served to students that are not claimed as part of the reimbursable meal. Revenues and expenses from adult meals, a la carte, and caterings would also be included here.
 - When revenues are recorded from the federal reimbursement payments, make sure that you are recording the full reimbursement based on the printed claim form and not what is actually deposited into your account. As you will note on the claim, there may be money deducted from shipping, handling and processing fees for USDA Foods. The amount deducted from your revenue should be reported as an NSLP food expenditure for private schools and a purchased service for public schools.

Allowable Costs

- The nonprofit school food service account is to be used for the operation of the school meal program including food, supplies, equipment and personnel.
- The nonprofit school food service account may not be used to purchase land and/or buildings unless approved by FNS.
- Allowable costs are defined in 2 CFR 200 Subpart E and should be necessary, reasonable and allocable. More information on allowable costs can be found within the [Indirect Costs guidance](http://dpi.wi.gov/school-nutrition/national-school-lunch-program/financial) (<http://dpi.wi.gov/school-nutrition/national-school-lunch-program/financial>).
- Bad debt is an unallowable expense to the food service program. A transfer must be made from non-federal funds to cover student account write-offs. [SP23-2017 Unpaid Meal Charges guidance Q & A](https://dpi.wi.gov/school-nutrition/national-school-lunch-program/financial) may be found our Financial Management webpage (<https://dpi.wi.gov/school-nutrition/national-school-lunch-program/financial>).

Unpaid Meal Charge Policy

- USDA Policy Memorandum SP 46-2016 requires all SFAs operating federal school meal programs to have a written and clearly communicated policy that addresses unpaid meal charges. For a snap-shot on what the policy must include, see the [Unpaid Meal Charges In a “Nutshell”](http://dpi.wi.gov/sites/default/files/imce/school-nutrition/pdf/unpaid-meal-charges-nutshell.pdf) (<http://dpi.wi.gov/sites/default/files/imce/school-nutrition/pdf/unpaid-meal-charges-nutshell.pdf>). For a more comprehensive overview, see SP 23-2017: [Unpaid Meal Charges Guidance](https://dpi.wi.gov/sites/default/files/imce/school-nutrition/pdf/sp-23-2017.pdf) <https://dpi.wi.gov/sites/default/files/imce/school-nutrition/pdf/sp-23-2017.pdf>
 - Best Practices
 - Local meal charge policy checklist
 - Sample outstanding balance letter
 - Sample robo-call script
- Funds in student meal accounts are considered a liability until a meal is purchased. When the funds are left “unclaimed”, they cannot be used to offset another student’s negative account, unless *paid* households have *chosen to donate* those funds to the school food service account. All funds left in any student meal account which cannot be contacted must be turned over to the Wisconsin Department of Revenue (DOR) as unclaimed property. The DOR has rules concerning [unclaimed property](https://www.revenue.wi.gov/DOR%20Publications/pb82.pdf) that must be followed (<https://www.revenue.wi.gov/DOR%20Publications/pb82.pdf>).

Findings and Corrective Action Needed: Nonprofit School Food Service Account

Finding: Annual Financial Report does not have revenues or expenses allocated to non-program foods and the SFA sells adult meals and cold lunch milk.

Corrective Action Needed: Please provide a statement going forward that all non-program food expenses and revenues will be broken out from NSLP and allocated to the non-program foods line on the annual financial report. If possible, please try to correct the prior year. Contact DPI accountant to open up contract to make the change. We have a [resource](https://dpi.wi.gov/sites/default/files/imce/school-nutrition/pdf/exceptions-nonprogram-revenue.pdf) on our website to aid you in this calculation (<https://dpi.wi.gov/sites/default/files/imce/school-nutrition/pdf/exceptions-nonprogram-revenue.pdf>).

Paid Lunch Equity (PLE)

Commendations/Comments/Technical Assistance (TA)/Compliance Reminders

- Thank you for completing the Paid Lunch Equity tool each year and adhering to the pricing requirements.

Revenue from Non-program Foods

Commendations/Comments/Technical Assistance (TA)/Compliance Reminders

- Nonprogram foods include: Adult Meals, A la Carte, Extra Entrees, Extra Milk (for cold lunch or milk break), Vended Meals (meals sold to other agencies), Catered Meals, and Food Service operated Vending Machines.
- All costs associated with non-program foods, including food, labor, equipment, and purchased services must be covered by revenues received from the sale of those foods. Non-program foods may not be supported by reimbursable meals or have a non-program foods loss absorbed by the food service account. Thus non-program foods may never run in the negative unless non-federal funds are transferred into the food service fund to cover the deficit.
- Non-program Food costs and revenues must be separated from Program food costs and revenues.
- Since non-program foods include Adult Meals and extra milk, these expenses and revenues must be separated from Program foods.
- SFAs that sell only non-program milk and adult meals as non-program foods are exempt from completing the USDA Non-program Food Revenue tool (<http://dpi.wi.gov/sites/default/files/imce/school-nutrition/pdf/exceptions-nonprogram-revenue.pdf>).

Adult Meals

- Adult meals are considered non-program foods. Food service programs must price adult meals above the overall cost of the meals. Since adult meal costs can be difficult to calculate, SFAs must, at a minimum, follow the minimum pricing guidelines in Food Nutrition Services Instruction 782-5.
- A [Wisconsin Adult Meal Pricing Worksheet](http://dpi.wi.gov/sites/default/files/imce/school-nutrition/doc/wisconsin-adult-meal-pricing-guide.doc) has been developed to assist the SFA in pricing adult meals (<http://dpi.wi.gov/sites/default/files/imce/school-nutrition/doc/wisconsin-adult-meal-pricing-guide.doc>).

Indirect Costs

Commendations/Comments/Technical Assistance (TA)/Compliance Reminders

- Allowable Expenditures assessed to the food service fund must be supported with documentation for items such as gas, electricity, waste removal, fuel, water, etc. for the school district. Examples of supporting documentation for costs assessed to food service fund could include:
 - Rent – consultation with knowledgeable resource person on appropriate charges per facility (i.e., local realty broker who has knowledge of current rates for rent of similar facilities).
 - Utility charges - separately metered or current usage study by the local utility company.
 - Labor expenditures - based on actual amount of time worked specifically for the purpose of school food service times the employee's wages and benefits.
 - Printing/publishing – documentation of actual costs or documentation to support how these costs were prorated from the district's total costs, based on volume.
 - Waste disposal services, extermination services, and laundry services - documentation of actual costs or documentation to support how these costs were prorated from the district's total.

4. GENERAL PROGRAM COMPLIANCE

Civil Rights

Commendations/Comments/Technical Assistance (TA)/Compliance Reminders

Nondiscrimination Statement

- When including the [non-discrimination statement](#) on letters, menus, website, and other documents used to convey program information, it is necessary to use the current statement which was updated in 2015 (<http://dpi.wi.gov/school-nutrition/national-school-lunch-program/civil-rights>). However, when space is very limited, such as on the printed menus or low balance notices, the abbreviated statement may be used, “**This institution is an equal opportunity provider.**” Either of these statements must be in the same size font as the other text in the document.

And Justice for All Poster

- “And Justice for All” posters need to be posted in public view where the program is offered.

Civil Rights Training

- Civil rights training must be conducted on a yearly basis for all staff and volunteers who administer any portion of a school nutrition program.
- Civil rights training had been attended by all staff in the schools and documentation was available for review.

Civil Rights Self-Compliance Form

- The [Civil Rights Self-Evaluation Compliance](#) form is required to be completed by October 31 annually.

Special Dietary Needs

- All food substitutions made outside of the meal pattern requirements must be supported by a signed medical statement from a licensed medical professional. SFAs may use the [prototype Medical Statement](#) for Special Dietary Needs posted on the DPI website, which is also available in Spanish and Hmong (<http://dpi.wi.gov/school-nutrition/national-school-lunch-program/special-dietary-needs>). Meals served to students with special dietary needs with the signed medical statement do not need to meet meal pattern requirements. Additional information on [special dietary needs](#) can be found on the DPI School Nutrition Team website (<http://dpi.wi.gov/school-nutrition/national-school-lunch-program/special-dietary-needs>). This [flow chart](#) gives guidance on special dietary needs, as well (<https://dpi.wi.gov/sites/default/files/imce/school-nutrition/pdf/sdn-flowchart.pdf>)
- School food service staff may make food substitutions, at their discretion, to accommodate children without a signed medical statement from a licensed medical practitioner. It is highly recommended that the SFA have a completed medical statement on file from a medical authority (which could be the school nurse) to support the request. These accommodations made for students must meet the USDA meal pattern requirements in order for the meals to be reimbursable. It is recommended that the SFA develop a policy for handling these types of accommodations to ensure that requests are equitable for everyone.
- Juice may not be substituted for fluid milk unless juice is specified as a substitution on a medical statement signed by a licensed medical practitioner. Water is available to all students, but an SFA may choose to offer lactose free milk or provide a fluid milk substitute that meets the nutritional requirements set forth by USDA. Nutrition information for a fluid milk substitute the SFA wishes to provide for students, must be approved by the SNT office. For more information on [fluid milk substitutes](#), please see our Special Dietary Needs webpage (<http://dpi.wi.gov/school-nutrition/national-school-lunch-program/special-dietary-needs>).

Processes for complaints

- All SFAs should have procedures (written procedures preferred) in place for handling civil rights complaints in regards to discrimination in the National School Lunch Program and School Breakfast Program. A SFA may always attempt to resolve a situation that is occurring in real time.
- However, if an individual states that they wish to file a civil rights complaint, the SFA must provide them with the information necessary to do so and not impede an individual's right to file. Please refer to the [USDA Program Discrimination Complaint Form](https://www.ocio.usda.gov/sites/default/files/docs/2012/Complain_combined_6_8_12.pdf) for assistance in filing these complaints (https://www.ocio.usda.gov/sites/default/files/docs/2012/Complain_combined_6_8_12.pdf).
Technical assistance provided to have a process in place to address any discrimination complaints in the NSLP.

Local Wellness Policy

Commendations/Comments/Technical Assistance (TA)/Compliance Reminders

The local wellness policy requirement was established by the Child Nutrition and Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) Reauthorization Act of 2004 and further strengthened by the Healthy, Hunger-Free Kids Act (HHFKA) of 2010. The final rule requires School Food Authorities (SFAs) to begin developing a revised local school wellness policy during School Year 2016-17 with full compliance of the final rule by June 30, 2017.

At a minimum, SFAs must permit participation by the general public and the school community including parents, students, and representatives of the school food authority, teachers of physical education, school health professionals, the school board, and school administrators in the wellness policy process. In addition, SFAs must designate one or more school officials to ensure the SFA complies with the policy.

Content of the Wellness Policy

The final *Local School Wellness Policy Implementation Under the Healthy, Hunger-Free Kids Act of 2010* rule requires the SFA to retain basic records demonstrating compliance with the local school wellness (LWP) requirements. If no LWP has been developed, the SFA must establish a written policy. For assistance in the creation of a LWP, SFAs are encouraged to utilize the [Wisconsin Wellness: Putting Policy into Practice - School Wellness Policy Toolkit](http://dpi.wi.gov/school-nutrition/wellness-policy/toolkit) (http://dpi.wi.gov/school-nutrition/wellness-policy/toolkit). At a minimum the wellness policy must include:

- Nutrition education (Recommended goals related to nutrition education include integrating into other core subjects or offering as a stand-alone course for all grade levels.)
- Nutrition promotion (At a minimum SFAs must review smarter lunchroom tools and strategies. Additional promotional activities include contests, surveys, food demonstrations, taste testing, and farm to school programming.)
- Physical activity (Recommended that SFAs offer time for students to meet the 60 minute goal, this could include recess, classroom physical activity breaks, and opportunities for physical activity before and after school.)
- Guidelines for all foods and beverages sold on the school campus during the school day (The LWP must contain guidelines for Federal school meal requirements and competitive food standards [Smart Snacks]).
- Guidelines for all foods and beverages provided on the school campus during the school day (SFAs must develop standards for foods provided to students, this includes classroom parties, schools celebrations, food offered as rewards/incentives.)
- Guidelines for food and beverage marketing (At a minimum, SFAs must restrict marketing to food and beverages that meet competitive food standards on the school campus during the school day.)

- Public involvement and committee leadership (SFAs must invite and allow for a diverse group of stakeholders to participate in the development, implantation, review, and updating of the LWP. SFAs must also identify the official responsible for oversight of the LWP to ensure school compliance.)
- Implementation, assessment and update of policy (At a minimum, SFAs must notify the public about the content, implementation of, and updates to the LWP. SFAs must complete a triennial assessment to evaluate compliance with the LWP, how the LWP compares to model wellness policies, and progress made in attaining the goals of the LWP).

Resources:

- Please refer to the USDA [summary of the requirements](http://www.fns.usda.gov/sites/default/files/tn/LWPsummary_finalrule.pdf) for local school wellness policies (http://www.fns.usda.gov/sites/default/files/tn/LWPsummary_finalrule.pdf).
- USDA Food and Nutrition Service has information on the [local school wellness policy](https://healthymeals.nal.usda.gov/school-wellness-resources) process and wellness policy elements (https://healthymeals.nal.usda.gov/school-wellness-resources).
- Wisconsin Team Nutrition has several [wellness policy resources](http://dpi.wi.gov/school-nutrition/wellness-policy) available, including a toolkit, a wellness policy builder, and wellness policy report card (http://dpi.wi.gov/school-nutrition/wellness-policy).

Findings and Corrective Action Needed: Local Wellness Policy

Finding: SFA LWP meets some but not all requirements as stipulated above. In addition, there needs to be a committee that meets with a diverse group of stakeholders at a minimum of once a year to update and review policy language and goals. The opportunity to serve on this committee must be made available to the public. Committee meetings must be documented. There is also requirement for a triennial assessment to be conducted and reported to the public. **Technical assistance and resources were left on-site.**

Corrective Action Required: Please provide a timeline for updating your policy to become compliant with the final rule. Please include a statement of understanding that the SFA is aware of including various stakeholders on the wellness committee and how the SFA will reach out to the public to notify them of this opportunity. In addition, please state the SFA’s understanding of the required triennial assessment and reporting requirement.

Smart Snacks in Schools

At the time of the on-site review there were no competitive foods or beverages sold at St. Katharine Drexel. If any food or beverage sales occur in the future, the items must either be in compliance with the Smart Snacks general and nutritional guidelines, or must qualify as an exempt fundraiser. A staff member at each school should be responsible for documenting compliance of exempt fundraisers and any other competitive food sales. You can find fundraiser tracking tools on our [Smart Snacks](https://dpi.wi.gov/school-nutrition/national-school-lunch-program/smart-snacks) webpage (https://dpi.wi.gov/school-nutrition/national-school-lunch-program/smart-snacks).

Findings and Corrective Action Needed: Smart Snacks

No findings related to this section.

Professional Standards

Commendations/Comments/Technical Assistance (TA)/Compliance Reminders

- The Professional Standards regulations in 7 CFR 210.30 established hiring standards for new school nutrition program directors, hired on or after July 1, 2015, that manage and operate the National School Lunch and School Breakfast Programs. In addition, the regulations established annual training standards for all school nutrition program directors, managers, and staff which must be tracked.
- Each SFA must designate at least one staff member as a program “director”. A program “director” is the person designated to perform or oversee the majority of the program duties such as sanitation, food safety, nutrition and menu planning, food production, procurement, financial management, record keeping, customer service, nutrition education, and general day-to-day program management.
- The [hiring standards for SFA directors](#) are based on the size of the SFA and includes education, school nutrition experience and food safety training requirements (<http://dpi.wi.gov/sites/default/files/imce/school-nutrition/pdf/professional-standards-hiring-chart-by-district-size.pdf>).
- Per SP 38-2016, any School Food Service Director hired after July 1, 2015 that does not meet the minimum education requirements cannot use the nonprofit school food service account to pay their salary; this would be an unallowable cost and the SFA’s general fund may be used to pay the salary of a new director who is actively pursuing the minimum education requirements.

Professional Standards: New Food Service Director Hiring Requirements

Professional Standards: Training Requirements

- Annual training must be job-specific and intended to help employees perform their duties well. The required annual training hours vary according to the employee’s role in the management and operation of the school nutrition program.
- Trainings can be provided in a variety of formats (online, in person, webinars) and through various providers (DPI, USDA, in-house, etc.).
- SFAs should clearly document all required training information and maintain that file including the name of staff person, date hired, title/position, brief list of core duties/responsibilities, status (full, part-time, substitute, volunteer, etc.), professional standards position (director, manager or staff). Learning codes are not required, but encouraged. A template tracking tool is posted to our [Professional Standards](#) webpage (<http://dpi.wi.gov/school-nutrition/training/professional-standards>).

Annual Training Requirements for All Staff

- Directors: 12 hours
- Managers: 10 hours
- Other Staff (20 hours or more per week): 6 hours
- Part Time Staff (under 20 hours per week): 4 hours
- If hired January 1 or later, only half of the training hours are required during the first school year of employment.

Findings and Corrective Action: Professional Standards

Finding: Training is not being tracked for non-food service staff. Training is being tracked for food service staff but the tracking mechanism is missing a few required components.

Corrective Action Needed: Non-food service staff please submit a tracking mechanism or a statement of what the SFA will use to show how they will keep track of their training hours. Food service staff please submit a document that shows the required components for a tracking mechanism or provide a statement on what will be used to meet the requirement.

Water

Commendations/Comments/Technical Assistance (TA)/Compliance Reminders

Water is required to be available at no charge to students during the lunch and breakfast meal services. Schools can provide free water in a variety of ways, such as water pitchers and cups on lunch tables, a water fountain, or a faucet that allows students to fill their own bottles or cups.

Food Safety and Storage

Commendations/Comments/Technical Assistance (TA)/Compliance Reminders

[A Flash of Food Safety](#) is a video series designed to help school nutrition professionals understand and apply safe food practices (www.fns.usda.gov/ofs/food-safety-flashes). The [Office of Food Safety](#) website (www.fns.usda.gov/ofs/food-safety) includes food safety resources.

Food Safety Inspections

- Every school operating USDA School Child Nutrition Programs must have two food safety inspections during each school year: including food safety inspection and a review of the site's Food Safety Plan.
- Food safety inspection reports must be posted in public view. Posting the food safety inspection report in the same location as the "And Justice For All" poster can be a convenient way to have both items publicly visible.

Temperatures

- All cooling equipment must have internal temperatures taken and recorded daily on temperature logs. Posting them directly on the equipment makes recording convenient and a regular part of daily routines.

Food Safety Plans

- All schools must have a comprehensive, site-specific food safety plan on-site which includes all process 1, 2, and 3 items, all applicable standard operating procedures (SOP), all equipment, and a listing of food service staff at that site. The food safety plan must be reviewed annually. A prototype food safety plan template as well as template SOPs may be found on the [SNT Food Safety](#) webpage. (<https://dpi.wi.gov/school-nutrition/food-safety>)
- The site-specific food safety plan should include SOPs for all programs and procedures utilized at the site.

Food Employee Reporting Agreements

- All food service employees must have a signed [Food Employee Reporting Agreement](#) on file (<https://datcp.wi.gov/Documents/foodemployeereportingagreementsupplement.pdf>).
- Employees must sign a new Food Employee Reporting Agreement form if changes are made to the document. While there are no requirements as to how frequently food service employees must sign a Food Employee Reporting Agreement form, it is the best practice for each food service employee to annually review and sign an agreement to reinforce the information contained in the document.

Time/Temperature Control for Safety (TCS) Food

Milk and dairy products
Shell eggs

Meat (beef, pork, and lamb)
Poultry

Fish
Shellfish and crustaceans
Baked potatoes
Heat-treated plant food, such as cooked rice,
beans, and vegetables
Tofu or other soy protein
Sprouts and seed sprouts

Sliced melons
Cut tomatoes
Cut leafy greens
Untreated garlic-and-oil mixtures
Synthetic ingredients, such as textured soy
protein in meat alternatives

Time as Public Health Control

- When using “Time as a Public Health Control:”
 - The internal temperature must be at or below 41 degrees Fahrenheit (°F) at the beginning of the holding period for cold time/temperature control for safety (TCS) food.
 - TCS food can be held up to 6 hours at an internal temperature between 41°F and 70°F under monitored conditions. Provisions must be made to discard product if the 6 hour time limit is exceeded, the temperature of the cold TCS food rises above 70°F, or the food is removed from service.
 - Hot TCS foods can be held up to 4 hours at an internal temperature greater than 70°F. Provisions must be made to discard product if the 4 hour time limit is exceeded, the temperature of the hot TCS food falls to 70°F, or the food is removed from service.
 - **There can be no leftovers and no reuse of the items covered under this plan.** Thus, if any TCS food is held without mechanical refrigeration during service, including TCS foods on garden bars, all leftover TCS food must be discarded.

Buy American

Commendations/Comments/Technical Assistance (TA)/Compliance Reminders

The USDA requires that an SFA purchase, to the maximum extent practicable, domestic commodities or products. Using food products from local sources supports the local economy, small local farmers and provides healthy choices for children in the school meal programs. The Buy American provision is required whether food products are purchased by SFAs or entities that are purchasing on their behalf. The Food Service Director at St. Katharine Drexel attended Procurement training in the summer of 2018 and has applied her knowledge to this area of responsibility. All non-domestic products have an updated entry in her Noncompliant List book.

Summer Food Service Program (SFSP) Outreach

Commendations/Comments/Technical Assistance (TA)/Compliance Reminders

Summer Meals

A goal of USDA Child Nutrition Programs is to ensure all students have access to healthy and nutritious meals year-round. Even though a summer feeding program is not operated at St Katherine Drexel, USDA requires all SFAs to inform families of where their students can receive a free meal in the summer months. SFAs can inform families of summer meals via the following methods:

- Promotion of the [summer meals locator](https://dpi.wi.gov/community-nutrition/sfsp/find-summer-meals-site) on the DPI Summer Meals webpage (<https://dpi.wi.gov/community-nutrition/sfsp/find-summer-meals-site>)
- Promotion of calling 211 to locate meals in the area
- Promotion of the ability to text ‘food’ to 877-877 to locate meals in the area
- Promotion of the USDA [Summer Food](http://www.fns.usda.gov/summerfoodrocks) website (<http://www.fns.usda.gov/summerfoodrocks>)

Resources:

- To access an inclusive map of all potential participating sites in your area, see the [interactive map](http://www.fns.usda.gov/capacitybuilder) on the SFSP website (<http://www.fns.usda.gov/capacitybuilder>).
- For more information on Summer Feeding option contact:
Amy J. Kolano, RD, CD, Summer Food Service Program Coordinator
Phone: 608.266.7124; e-mail: amy.kolano@dpi.wi.gov

Technical assistance was provided regarding notifying households as to where they can receive free meals.

5. OTHER FEDERAL PROGRAMS REVIEWS

Carolyn Stanford Taylor, State Superintendent of Wisconsin Department of Public Instruction, shares a vision that every student will graduate prepared for college and career. Her goals are for students to have the knowledge, skills, and habits that will allow them to succeed in life after high school. Access to quality nutrition plays a major role in developing those life-long habits.

The School Nutrition Team believes that what school nutrition programs do every day plays a very important part in the success of every child being able to graduate. We all know that well-nourished children are ready to learn. Thank you for all you do to ensure student success.

For more information on this initiative, please visit the Wisconsin DPI [Every Child a Graduate](http://dpi.wi.gov/statesupt/agenda-2017) webpage (dpi.wi.gov/statesupt/agenda-2017).

With School Nutrition Programs!
