Frequently Asked Questions

If a school has multiple serving lines with different menu items, must each serving line offer all of the vegetable subgroups weekly?
YES, this ensures that all students have access to all of the vegetable subgroups throughout the week regardless of the serving line selected.

How do I meet the subgroups if I have a short week due to Thanksgiving break?
- USDA requires schools to make a “good faith effort”
How can we minimize waste if kids have to take a Fruit or Veggie?

- Offer vs. Serve!
- Schools must offer enough for kids to take full required amount for each component
- Students may choose to take smaller portions
- NOTE: Students must take ½ cup daily of F or V to be reimbursable under OVS

What is the minimum amount of a fruit or vegetable that can be credited toward the meal pattern?

The minimum creditable serving size for a fruit or a vegetable is ¼ cup. However, ½ of a cup is the minimum amount of fruits or vegetables that a student must select for a reimbursable meal under Offer Versus Serve. There is no daily or weekly maximum limit for fruits or vegetables provided the specific calorie limitations are not exceeded.
