Subject: WI USDA Foods: Entitlement Value Price Updates for School Year 23-24

USDA Foods Average Purchase Prices Updated for SY 2023-24

Please review and forward this information to business managers, bookkeepers, and food service directors, as appropriate.

Per USDA requirement 7 CFR Part 250.58(e), the Department of Public Instruction (DPI) USDA Foods Team has updated the product entitlement values from USDA November 2022 prices to the average purchase prices for Program Year 2024 in the [WI USDA Foods Ordering System](#).

The [Entitlement Value, Processing, and Handling Charges for SY 2023-24](#) on the DPI USDA Foods [Product and Value webpage](#) is updated with the USDA Foods average purchase prices. Please use the USDA Foods average purchase prices for SY 2023-24 entitlement value and crediting calculations.

These average prices are also reflected on the Commodity Allocation and Receipt Summary (CARS) report. Since the CARS report is a year-to-date report, the Program Year 2024 CARS report currently reflects orders processed in the Ordering System through March 2024. Here are instruction about [how to view and read your CARS report](#).

Mark your calendar: Webinar - WI DPI USDA Foods– SY 2023-24 USDA Foods Reconciliation and CARS Report, May 8, 2PM

[Join live event](#) May 8, 2:00-3 PM
