PRE-APPROVED TRAININGS FOR GOALS: ELECTIVE OPPORTUNITIES

U.S. Department of Agriculture (USDA)

Participants looking for USDA electives are encouraged to visit the <u>Food and</u> <u>Nutrition Service Documents and Resources</u> webpage and the <u>Team Nutrition</u> <u>Webinars and Training</u> webpage to find a collection of available resources. If you complete a USDA webinar that does not include directions for obtaining a certificate of completion, complete the <u>USDA Training Completion for GOALS</u> <u>Certification Form.</u>

Institute of Child Nutrition (ICN)

The <u>ICN Course Catalog</u> can be used to view available electives. Please note, participants must create or use an existing ICN account to enroll and complete courses. Following completion of ICN courses, a certificate of completion will be provided to participants through the "My Certificates" section of the learner's dashboard.

School Nutrition Association

Webinars and training modules are available at the <u>SNA Training Zone</u>. Please note, participants need an account to register for the trainings. Most trainings are available for free for SNA members. Certificates of completion will be made available following successful completion of the course quiz.

Alliance for a Healthier Generation

Webinars and training modules are available at the <u>Alliance Training</u> <u>Center</u>. Please note, participants need an account to register for the trainings. Most trainings are available for free. Confirmation emails will be sent to participants following successful completion of the course. Copies of the confirmation emails will serve as documentation for GOALS.
