

Date: March 2017

To: Authorized Representatives of Private School Food Authorities (SFAs) Participating in the National School Lunch (NSL), School Breakfast (SB or SBSEVERE), Elderly Nutrition (EN), and/or Wisconsin School Day Milk (WMMP) Programs

From: Jacqueline Jordee, (608) 267-9134, Jacqueline.jordee@dpi.wi.gov

Subject: 2017 Food Service State Aid Payments

The State Aid payments for Match-NSL, SSBA-School Breakfast, EN, and WMMP; based on programs that you participated in during the school year (SY) 2015-16, have been processed. The Electronic Funds Transfer (EFT) effective date is **March 20, 2017**, for these four **annual** payments and are recorded on the [STAR Aids Register](#).

Match-NSL

This payment should be deposited in your School Food Service account and reported to us at the end of the SY 2016-17 as “All Other School Food Service Account Revenues (i.e., reimbursement, student payments)” in the National School Lunch Program (**NSL**) row of your annual food service financial report. The state payment is the product of the number of student lunches served by your school during the SY 2015-16, multiplied by the computed per meal matching rate. This year, the statewide average payment per meal is **\$0.04817562**. Statutory authority for this state matching aid can be found under s. 115.34(2).

SSBA-School Breakfast

This payment should be deposited into your School Food Service account and reported to us at the end of the SY 2016-17 as “All Other School Food Service Account Revenues (i.e., reimbursements, student payments)” in the School Breakfast Program (**SB and SBSEVERE**) row of your annual food service financial report. Due to increased participation in the school breakfast programs, there was a continued need to prorate this year’s payments. The amount received was determined by multiplying **8.137** cents (instead of 15 cents) by the total number of student school breakfasts your school claimed for reimbursement during the SY 2015-16. Statutory authority for this state matching aid can be found under s. 115.341.

EN

This payment should be deposited into your School Food Service account and reported to us at the end of the SY 2016-17 as “All Other School Food Service Account Revenues (i.e., reimbursements, student payments)” in the Elderly Nutrition Improvement Program (**EN**) row of your annual food service financial report. This State Aid payment is made on the basis of your **June 1, 2016 EN** claim submitted for the SY 2015-16. Statutory authority for this State Aid payment can be found under s. 115.345 and provides for a payment rate of 15% of your reported per meal cost, or 50 cents per meal, whichever is **lower**. There was no need to prorate this year’s payment.

WMMP

This payment should be deposited into your School Food Service account and reported to us at the end of the SY 2016-17 as “All Other School Food Service Account Revenues (i.e., reimbursements, student payments)” Wisconsin School Day Milk Program (**WMMP**) row of your annual food service financial report. This State Aid payment is made on the basis of your **June 1, 2016 WMMP** claim submitted for the SY 2015-16. It continues to be necessary to prorate this payment. Your prorated payment is determined by multiplying **0.51811933** by your submitted claim. Statutory authority for this State Aid payment can be found under s. 115.343.
