**Independent Charter schools, Residential Childcare Institutions (RCCI), Wisconsin Technical College System schools, and the two State run schools are not eligible for the State breakfast payment.

***A school is eligible for **severe need reimbursement** if 40 percent or more of the student lunches served at the school in the second preceding school year (SY 2019-20) were served free or at a reduced price. Severe need payment is made on an individual school basis. Regulations require documentation of eligibility to be maintained on file by the SFA for periodic review. Severe need breakfast requests and approvals are part of the annual DPI School Nutrition Team online contract renewal.

Afterschool Snacks Served in Afterschool Care Programs

For Each Snack Served

To students paying the full price	\$0.09
To students eligible for reduced price	\$0.50
To students eligible for free	\$1.00

USDA regulations require that the reduced price charge to students **does not exceed** 15 cents for afterschool snacks

An afterschool care program site is “**area eligible**” if it is located at a school or in the attendance area of a school where at least 50 percent of the enrolled children are eligible for free or reduced price meals. All snacks served in afterschool care programs that are “area eligible” are reimbursed at the free rate.

Snacks served in afterschool care programs that are not area eligible are reimbursed at the free, reduced price, and paid rates depending on each students’ individual eligibility for free or reduced price meals.

The [USDA COVID-19 Child Nutrition Response #93](#) waives area eligibility requirements for School Food Authorities (SFAs) operating the Afterschool Snack Program (ASP) in SY 2021-22. SFAs operating the SSO and offering ASP under NSLP as a third program or SFAs operating the NSLP can provide and claim afterschool snacks at the free reimbursement rate as area eligibility has been waived.
