USDA Foods Complaints, Hold, and Recalls

During this training SFAs can learn how to submit complaints to DPI regarding food safety or quality issues for USDA Foods products. Filing a timely complaint is important and may result in a hold and/or recall or improve the quality of future products. Join us to discuss the roles and responsibilities of SFAs, WI DPI, USDA, and manufacturers. Although every recall is different, we will discuss what SFAs can expect during a product, recall, or hold.
