Good Evening,

DPI is aggressively pursuing options for private schools to exempt them from the hour requirement in statute. We have just announced a process for public schools (see attached email). As stated in the email, we will not be enforcing the hour requirement for any public school district that requests a waiver. We are looking to have a process in place for private schools to be exempt from the hours of instruction and hope to have more information for you in the coming days. In the interim, please refer to the [COVID-19](#) page for updates.

Thank you,
