**Wisconsin Statewide Voucher Program**  
**WPCP Facts and Figures for 2014-2015**

**As of February 2015**

In January 2015, there were 31 private schools participating in the WPCP, with a total enrollment of 1,012 students or 996 full-time equivalent (FTE) in the program.\* In the 2014-15 school year, the WPCP state aid for a student enrolled full-time in the WPCP in grade kindergarten through eight is \$7,210 and \$7,856 for a student enrolled full-time in grade nine through twelve or the private school's operating and debt service cost per student, whichever is less. The operating and debt service cost per student at the school is determined by an independent auditor in a report due to the DPI by September 1 after the school year. The school's costs per student determined in that audit will be compared to the WPCP state aid amount and, if less, the school will owe the difference back to the state. The program is estimated to cost \$7,384,400 in 2014-15 for an estimated 1,000 FTE students. The WPCP is fully funded from state general purpose revenue.

Table 1 provides the total number of students in the WPCP by where (and if) they were enrolled at school in 2013-14. Table 2 shows the WPCP enrollment by grade level for the 3<sup>rd</sup> Friday in September 2014 and the 2<sup>nd</sup> Friday in January count dates. The number of students listed in the tables is reported by headcount and FTE. For example, a four-year-old kindergarten student may be counted as 0.5 or 0.6 FTE.
