

# IDEA 2020 LEA Determinations Criteria

For IDEA Determinations, the Wisconsin Department of Public Instruction uses a point-based system combining the performance of Local Educational Agencies (LEAs) on compliance indicators and results indicators.

## Scoring of the Compliance Indicators

- All LEAs receive scores for the following indicators: 4B, 9, and 10.
- LEAs in the procedural compliance self-assessment (PCSA) receive scores for Indicator 11.
- LEAs with early childhood programs receive scores for Indicator 12.
- LEAs that serve students with disabilities that are 16 and older receive a score for Indicator 13.
- All LEAs also receive scores for the percentage of findings of noncompliance that are corrected within one year. LEAs without any findings of noncompliance within one year are treated as having 100% compliance.
- All LEAs receive scores for timely and accurate data reporting. This is calculated from the percentage of student records with no missing demographic data and for whom no corrections were submitted for Report Cards.

## Scoring of the Results Indicators

- LEAs with students in the 4-year graduation cohort receive scores for Indicator 1.
- LEAs with students in grades 7-12 receive a score for Indicator 2.
- All LEAs with students in grades with statewide assessments (3-8 and 11) receive scores for 3B and 3C in ELA and math.
- All LEAs receive a score for Indicators 5a and/or 6a, depending on the age ranges the LEA serves.

## Weighting Compliance and Results Indicators

As of 2016, the Department began incorporating results indicators in its IDEA Determinations. The weight given to results indicators have increased each year, with the long-term goal of using an equal weighting (50% compliance, 50% results). As of 2019, the Department implemented this equal weighting, and anticipates maintaining it moving forward. For both compliance and results indicators, the score is calculated by the total points received divided by the possible points earned.

Compliance & Results Weighting by Year				
Indicator Type	2016	2017	2018	2019+
Compliance	0.9	0.75	0.65	0.5
Results	0.1	0.25	0.35	0.5

IDEA Determination Cutoffs	
IDEA Determination	Criteria
Meets Requirements	Total Score is at least 80%
Needs Assistance	Total Score is at least 60% but below 80%
Needs Intervention	Total Score is less than 60%
Needs Substantial Intervention	The Department determines an LEA needs substantial intervention in implementing the requirements of IDEA Part B or that there is a substantial failure to comply with any condition of eligibility.

\* Points for results indicators may also be earned by LEAs if their score is above the 33rd percentile (1 point) or above the 66th percentile (2 points). † Due to the cancellation of statewide assessments in Spring 2020, Assessment data is lagged one year.
