

WISCONSIN

Special Educator Induction Program

First-year teachers who participated in a comprehensive set of induction activities were half as likely to leave the field as those who did not participate. (Strong & Ingersoll, 2004) Through an IDEA Discretionary Grant, Wisconsin DPI is implementing a regional induction program for new special educators. The induction program consists of “just-in-time” professional learning, coaching and a support network.

Induction Opportunities

1. Six sessions of "just-in-time" professional development
2. Six coaching sessions
3. Six support networking sessions

Who Should Attend?

First or second year special educators and special educators holding a License with Stipulations

Participating districts will receive a stipend to offset costs per participant.
