Examples of Responses to the Family Engagement Prompt on IEP I-4 Linking Form:

How will school staff engage parents/families in the education of the student (e.g. sharing resources, communicating with parents / families, building upon family strengths, connecting parents / families to learning activities, etc.)?

- School staff will send home learning activities so that the family can support Jimmy's reading and math goals.
- School staff will communicate with the family weekly to report progress on Emma's behavioral goal and to obtain information from the family on what they see.
- School staff will train the parent on the student's new communication device so that the parent can assist her with her homework assignments at home.
- School staff will provide the family with the contact information of the District Family Engagement Liaison or cultural liaison so the family can connect with other families.
- School staff will attend a transition resource fair with the family to help them connect with adult service agencies.
- School staff will send the Student Snapshot to the family and offer to help the family complete it prior to the next IEP meeting to obtain input from the family.
- School staff will meet with the family on a monthly basis regarding the use of strategies that the family and the school have found successful with the student.
