

### 1) Blank I-8 PDF fix for Chrome

On November 2 we updated the way in which the PDF I-8 forms are generated which eliminated the problem some Chrome users had in seeing the PDF of a PTP within the browser.

### 2) Minor changes to the 'Other' Descriptions report

Districts can now review the content of the PTP when reviewing records that include 'Other' text for the postsecondary education goal, postsecondary employment goal or transition services by clicking the link that makes up the PTP ID. The PTP Locked or Submitted date has also been added to the report.

The PTP ID can be selected to go to the Completion screen (Locked PTPs) or to the PDF of the I-8 (Submitted PTPS)

### 3) Minor changes to the 'Revise Submitted PTP' tab

We have added clarifying text on the 'Revise Submitted PTP' tab above the table of records once a search is conducted to reinforce the fact that a PTP is created immediately once any of the 'Review/Revise Without Meeting', 'Review/Revise With Meeting' and/or 'Annual IEP' links is selected (as long as an unsubmitted PTP does not exist for the student).

To further aid in the creation of erroneous records, we have also added the ability to view the last submitted PTP via the link in the PTP ID field.

Revise a PTP

School: Pulaski High

Please enter student search criteria:

Last Name: <input type="text" value="rai"/>	First Name: <input type="text"/>
Date of Birth: <input type="text"/> (MM/DD/YYYY)	WSN: <input type="text"/> <input type="button" value="Search"/>

Whenever one of the 'Review/Revise Without Meeting', 'Review/Revise With Meeting' or 'Annual IEP' links is chosen, a new copy of the previously submitted PTP is created. Do not click these links unless you want to create a new record for the student. Records created in error must be deleted by a Director/Designee in your district.

PTP ID	Student Name	Date of Birth	Meeting Date	Date Submitted			
<a href="#">4915</a>	RAI, YURU	10/21/1999	11/24/2015	11/24/2015 10:56 AM	<a href="#">Review/Revise Without Meeting</a>	<a href="#">Review/Revise With Meeting</a>	<a href="#">Annual IEP</a>

#### **4) Automatic Deletion of PTPs – Timeframe shortened**

Prior to this change the PTP application automatically deleted any PTPs that were unlocked and were created more than one year in the past.

We have now shortened this timeframe to 6 months.
